Jealous Man Hacks Wife To Death Then Suicides

GRUB WAITS FOR REFEREE TO SORT DINERS, WILL SAYS

(Special To The News)
NEW YORK, April 4.—We used to brag on the fact that unlike England we had no different classes or ratings in this country, and here Secretary Stimson is called on to referee a bout in Washington's table etiquette.

Washington can't go out to dinner till they decide who shall sit next to who at the diplomatic dinners.

They ought to feed 'em Los Angeles style. Slip everybody a plate and if they can't find the grub, why he wouldn't be much of a diplomat.

I attended a Gridiron dinner where the president was there, and they seated the diplomats according to what they owe us. England, France, Belgium and Italy were near the president, and the nations that didn't owe us a cent were at the foot of the table.

I told 'em, "You all better borrow something or you will never meet Coolidge."

Yours,
WILL.

Man In Insane Rage Kills Wife At Reynoldsville

Attacks Her With Pole Axe
And Beats Her To
Death

Six Children Left Orphans As
Result Of Ghastly
Crime

(International News Service)
REYNOLDSVILLE, Pa., April 4.—Driven into an insane rage by jealousy, Frank Chiffen, 55, fireman in a Reynoldsville silk mill, killed his wife, Gertrude, 40, with a pole axe early today and then shot himself to death.

Chiffen attacked his wife as she lay in bed, raining blows on her head with the axe which he had previously sharpened to a razor-like edge. The woman's screams awakened their six children, the oldest of which, Frank, Jr., struck the father as the latter fled to the living room. Placing a crucifix in his left hand, Chiffen then seized a revolver and fired a shot through his brain.

Mrs. Chiffen's head was almost severed by the blows inflicted by her crazed husband, while he died about an hour after he shot himself.

Insanely Jealous
Chiffen was believed to have been insanely jealous of his wife. About a year ago he had nailed down all the windows in the house, barred and nailed the front door, and chained three dogs in the back yard. He was employed in a silk mill only about 200 yards from his home, and could hear the dogs bark whenever anyone approached the house.

About 3:45 a. m. today he left the downstairs room where he slept, and going to his wife's room, rained blows upon her. Her head was almost severed, as well as both wrists, apparently as she sought to ward off his blows to her head.

Committs Suicide
Her screams awakened the couple's six children, ranging in age from 12 to 18 years. Frank, Jr., struck his infuriated father in the eye as the

Elder Site Is Chosen For New School Building

Scott Township To Erect
High And Grade School
At Harlansburg This
Summer

SIX ACRE TRACT
OF LAND BOUGHT

Scott township school board has purchased six acres of land from the Elder estate on which to erect a new eight room high school for the township, and grade school for the village of Harlansburg. The land is located on the northern outskirts of the village on the Perry highway, leading from Harlansburg to Mercer. The site is high and dry and it is believed will make an ideal location.

Plans have been prepared for an eight room building on which bids are being asked. At least two of the rooms and possibly three will be used for high school purposes. Two of the rooms will be needed for the grade schools of Harlansburg.

At present the grade schools are located in an old brick school building which has been condemned, and the high school is operated in a small frame school building on the same lot. It is the intention to have the new school building completed in time for school next fall. It will be modern throughout. Scott township passed a bond issue for the erection of the building at the last election.

For years past The New Castle News has been donating pages of advertising space to the New Castle Chamber of Commerce and other worthy enterprises here, under the designation, "A New Castle Booster". This space has totaled in many years value of thousands of dollars. It was given willingly by The News, because it has ever been the aim of The News to boost this city by every method possible.

The New Castle News will continue to advance New Castle's interests in the future as in the past, and in line with this policy it was announced to the Chamber of Commerce recently by Fred L. Rentz, President of the News Company, that a page a week would be donated for the purpose of setting forth the advantages of New Castle and for the creation of a real civic spirit here. The Chamber of Commerce has taken advantage of the offer and will use the page each week to present New Castle's interests.

The initial page of the program to tell New Castleites about New Castle is to be found in today's issue, on page 18. The space is donated by The News, and the space for the displays to follow will also be donated by this paper.

Following the introductory page printed today, the series will tell New Castle people about New Castle doings.

Data concerning industries, statistics pertaining to working conditions, reports of business houses, figures of proposed projects and summaries of general industrial and business activities will be found on this page in the future.

Follow this series of informational articles and know New Castle.

Make it your business not only to be sold on New Castle yourself, but to sell it to others!

No Semblance Of Former Administration; White House
Is Now Modernized

By GEORGE R. HOLMES
International News Service Staff
WASHINGTON, April 4.—Herbert Hoover completed the first month of his presidency today.

It has been a month of intensive activities, witnessing the overthrow of some major Coolidge policies, the retention of others and, in general, the charting of the course for the next four years.

There is a new administration in the White House—and not merely a continuation of the old—Washington no longer doubts.

Innovations and renovations have been introduced, and more are to follow. (Continued On Page Two)

WILTON, Conn., April 4.—Coroner John J. Phelan today was to close a page of history of this little farm community when he records the death of Mary Yates, 18-year-old high school senior, and Edwin J. Melhuish, father of Mary's chum.

Melhuish shot and killed the girl yesterday and then shot himself in the head when cornered by farmers who saw the murder. He had secreted the revolver and a bottle of poison in a book, the pages of which he had hollowed out.

The murder occurred immediately after the girl, in attempting to leap from Melhuish's car, caused it to crash into a pole. After shooting the girl Melhuish swallowed the poison and then ran as the farmers approached.

Three speakers paid tribute to the memory of the diplomat. Gen. John J. Pershing, commander of the American expeditionary force in the great war, delivered a eulogy in be-

Court Grants New Trial In Dean Will Case

Judge James A. Chambers this afternoon handed down an opinion in the case of Jane Ligo against Ida B. Dodson, and other heirs of the late Mrs. J. J. Dean, in which a new trial is granted.

At the former trial a verdict was rendered in favor of the defendants, Ida B. Dodson, and others. The will was contested principally upon the grounds that the signature was not that of Mrs. Dean.

The decision means that the case will be tried over again in the local courts. Jane Ligo was one of the principal beneficiaries under the alleged will which the heirs contested.

Formal Petition Is Made For Air Mail Stop Here

Chamber Of Commerce And
Boosters Club Make Formal
Application

PETITION COPIES
SENT TO CONGRESSMAN

Application Asks That Im-
mediate Establishment Of
Stop Be Made Here

Formal application was made today to the United States Post Office Department by James W. Cole, of the Chamber of Commerce and New Castle Boosters Club for the immediate establishment of a daily air mail stop here.

The petition is the result of a rather intensive drive for the past few weeks by both organizations in raising the daily poundage of air mail leaving the city.

Copies of the petition were also sent to Congressmen J. Howard Swick, Clyde Kelly, Ed. M. Beers, and to W. T. Miller, extension superintendent of airway lighting of the United States Department of Commerce, Clifford Ball, mail contractor, and James J. Davis, Secretary of Labor.

Summarized Reasons
The petition briefly summarizes the reasons of the petitioners for the stop, includes data pertaining to present quantity of air mail, gives the names of committees of the New Castle Chamber of Commerce and Boosters Club, and lists the names of those persons and business establishments that have signed previously presented petitions indicating the amount of such mail which they would send daily or weekly.

Should such a stop be established here, it will mean that mail will leave the city twice daily going both north and south. The present line of the Cleveland-Pittsburgh route and proposed Cleveland-Washington mail route, passes over just West of New Castle.

Just when the petition will receive attention is not known or what the attitude of the government authorities is toward the application is also a matter of speculation. However, the local organizations have enlisted

Plan For Campaign For Jameson Memorial Hospital Aid Society

Announcement is made today by Mrs. J. Norman Martin, president, that a membership campaign will be conducted during the week of May 5-12, at which time it is hoped to reach every person in the city and county in behalf of the Jameson Memorial Hospital Aid Society.

Annual memberships of \$1, \$5 and \$10 are to be issued.

The campaign will be conducted by the various women's clubs of the city and county. In the county districts the Federated Clubs will be in charge while in the city, other women's clubs and organizations will have charge. It is expected to make this campaign a thorough one, and it is

anticipated that there will be an overwhelming response.

The magnificent Jameson Memorial hospital has been given to the people of New Castle and Lawrence county, and it is not only a duty, but will be a pleasure for the people to aid in sustaining the institution, and subscriptions to the hospital aid society is one way that this gratitude will be shown.

In connection with this activity, it is any need that the executive board of the Jameson Memorial Hospital Aid Society are requested to meet on Wednesday afternoon, April 10, at 3 o'clock at the home of Mrs. J. Norman Martin, of North Mercer street, and the heads of societies at 4 o'clock on the same day.

SEA PLANE AND FIVE PASSENGERS MISSING

(BULLETIN)
SEATTLE, Wash., April 4.—Fear for the safety of five passengers aboard a Boeing flying boat long overdue from Vancouver, B. C., was greatly increased here today as another day dawned without word from the missing flyers.

The plane was reported to have hopped off from Vancouver at 1:30 Tuesday afternoon to complete the last leg of an Alaskan flight.

Officials at Lake Union hanger, the boat's scheduled port of entry, at 7:30 this morning, said they had received no word from Coast Guard or another source as to the plane's location.

Passengers aboard the boat included P. T. McCarthy, head of the International Airway, his wife, and Mrs. J. W. McCord, wife of the president of the McCord-Alaskan livestock and fur growers; E. J. Burke formerly of the Canadian Air force, pilot of the plane and G. Nottlie, mechanic.

Tuttle Ready To Drop Procedure In Morgan Case

Prosecution Of Congressman
Morgan Is Not Likely
Says Tuttle Today

ACTION SEEN AS
RESULT OF ISSUE

Move To Regulate "Free Entry"
For Congressmen
May Be Outcome
Of Case

By JAMES L. KILGALLIN
International News Service Staff
NEW YORK, April 4.—Prosecution of William M. Morgan, the "bone dry" congressman from Ohio accused of violating the dry law, appeared to be unlikely today in spite of the testimony developed in United States Attorney Charles H. Tuttle's investigation to the effect that Morgan did bring in four bottles of liquor when he landed at this port from Panama on March 25.

The alleged contraband (two bottles of whiskey and two of champagne) Customs Inspector Louis E. Crawford told Tuttle Morgan informed him, was intended for his wife's father, and the congressman claimed "free entry" of his baggage into this port.

May Bring Change
Although Morgan may escape prosecution, the spectacular incident in which he is playing the leading role may have one far-reaching effect. Swift action to regulate the "free entry" privileges of congressmen was foreseen as a result of the investigation.

There will be no federal grand jury action, it was asserted by Tuttle, although he admitted the case is "not finally closed." Tuttle intimated, however, that prosecution was unlikely for two reasons:

1. Morgan could, if he wished, claim immunity if asked to testify before the grand jury.

2. Under the federal law a wife cannot be prosecuted for a crime committed by her husband.

AURORA, Ill., April 4.—Eugene Boyd Fairchild, dry informer, whose admittedly false affidavit describing the purchase of liquor from Mrs. Lillian De King led to her death in a dry raid on her home, was back in Aurora today where he faces arrest on a perjury charge.

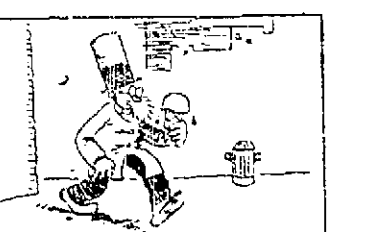

The dry witch returned voluntarily to Kane County, stating he had not "run away," and that he was anxious to tell his side of the story.

Fairchild bitterly denounced State's Attorney George Carberry of Kane county and his chief prohibition investigator, Walter Miller. He declared Miller gave him \$15 and told him to get out of town and stay out for a while.

Miller today admitted he gave Fairchild the money, but denied that he

In the spring a young man's fancy, lightly turns, the poem runs, to some thoughts of blue eyed maidens, but it sometimes runs to funds. Mostly, I would add in passing, it concerns his pile of dough, for without it maidens spurn him, they must have some place to go. Parties, dances, dinners, lunches, flowers, candy, all these cost, and without a load of shekels, moonstruck youngsters soon are lost. In the spring a young man's fancy, gets a swift kick in the nose, he has no car to travel, lots of money, and some clothes. Ladies like the bating spring time, for the sentiment, it brings, but they also like an outing, stuff to eat and pretty things. So without a healthy bank roll, young men's fancy needs must stay, at the mundane sport of working, weather, sixty today.

Two Men Die In Plane Crash

SCOTT CITY, Kan., April 4.—Two men were killed today when an airplane piloted by Chas. Riley of Wichita, crashed to the ground a few minutes after taking off here this morning.

The dead are Dr. S. S. McGinnis of Scott City, and Pilot Riley. The two injured are named Smith and Newcomb. The extent of their injuries had not been learned.

The plane was destroyed in the fire.

The party was going to fly to Tulsa, Kan.

Two Boys Reported Missing From Homes

Police last night received requests to be on the lookout for and assist in locating two boys missing all day from their homes. At the police station today, it was stated that there had been no reports received indicating the return of the boys.

James Throop, 10 West Madison avenue, was one of the two reported missing. He is described as being 12 years of age and wearing blue pants, a lumber jacket, and high-top shoes.

The other boy missing is Arthur

Boy Is Killed Playing Marbles

CONNELLVILLE, Pa., April 4.—Stopping on the way to school to play marbles at Star Junction, near here, Richard Jenkins, 13, was killed when he was struck by an automobile reported to have been driven by Mildred Carr, a Perryopolis high school student.

Curtis Allison, the Jenkins' boy's companion, was seriously injured about the head in the crash. Richard's neck was broken.

Mrs. Hoover Breaks Another Tradition

Drives Own Car From White House; First Time In White House History

WASHINGTON, April 4.—Another Washington precedent was knocked away today when Mrs. Herbert Hoover got behind the wheel of her own private automobile and took several women companions for a ride in her new car, unaccompanied by chauffeur or the usual secret service operative.

Old Washingtonians could not remember when the wife of a president drove her own equipage. Certainly none has ever driven her own automobile about the streets of the capital.

The new car is a dark sedan and has no distinctive markings or number plate. Mrs. Hoover plans to make extensive use of it.

Accompanying Mrs. Hoover on this morning's ride were Mrs. Adolph Ochs, wife of the New York publisher; Mrs. Edgar Rickard and the latter's daughter.

Easter Program Will Be Repeated

The entire Easter program as presented last Sunday morning at the 11 o'clock mass in St. Mary's church will again be presented on the coming Sunday at 11 o'clock mass. This will include the numbers of the mass by the junior and senior choirs of the church under the supervision of Rev. Fr. P. S. Clifford with Stephen Guliniski at the pipe organ and a ten piece orchestra of some of the best musicians of the city accompanying the choir. It is anticipated that the record congregation of last Sunday morning will be duplicated on the coming Sunday morning to hear this wonderful musical treat.

Explosion Victim's Condition Unchanged

At the New Castle hospital this afternoon it was stated that there had been no change in the condition of Earl Johnson, aged 18, of near Portersville, who was terribly burned and injured on Tuesday night at his home by the explosion of a carbide lighting system. He was still unconscious this afternoon and his condition is considered very critical.

POISONS TAKE TERRIBLE TOLL

But Kellogg's ALL-BRAN Relieves Constipation

There are thousands suffering today because of constipation's deadly poisons. Men's hopes have been blighted. Women's beauty and charm have been stolen. Gone are their youthful vigor and happiness. Yet Kellogg's ALL-BRAN can bring relief to such sufferers. Because it is a bulk food it sweeps the system clean of poisonous wastes. And since it is 100% bran, it does its work more effectively than part-bran products.

Start eating ALL-BRAN at the first signs of constipation. These are headaches, unpleasant breath, fatigue. ALL-BRAN is guaranteed to bring relief—to prevent constipation. Eat two tablespoons daily—chronic cases, with every meal.

Ready-to-serve with milk or cream. Delicious with fruits or honey added. Use it in cooking. Recipes on the package. You'll like its delicious flavor. Sold by all grocers. Served by hotels, restaurants and dining-cars. Made by Kellogg in Battle Creek.

Kellogg's ALL-BRAN

Are you giving your child the right chance?

The physical welfare of the child is being given much attention by school authorities.

Failure to keep up with class work and absence from school is probably due to nervousness and a run-down condition that may be largely attributed to a deficiency in red-blood-cells.

Rich, red blood builds and sustains

Of course it is the blood stream which carries the millions of tiny red-cells to all parts of the body. And it is the healthy, rich, red-blood-cells that does this building, warding off disease and making for strong and healthy bodies.

When a child's appetite wanes or he loses weight, the complexion becomes sallow or pimples and boils appear—then you instantly know that the inward mechanism is not working properly—that a good blood tonic is required.

S.S.S. builds sturdy health

In such cases S.S.S. is the proper tonic. It is made from fresh vegetable drugs—therefore will not harm the most delicate system. It improves the appetite and restores the red-blood-cells to normal; lost weight is regained; skin eruptions clear up and color returns to the cheeks.

Give your child the right chance to develop. You will not regret it in later years.

For more than 100 years, S.S.S. has been helping children and their elders regain strength and vitality.

All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

Perfect browning... perfect cooking

while you're out of the kitchen

It's amazingly easy to cook delicious meals in the Westinghouse "Flavor Zone" Oven. For it first browns, then cooks to perfection, without the slightest attention from you.

You merely set the clock on the oven and adjust the thermostat when you put the food in the cold oven. Then you're free until time to serve the meal. The heat comes on automatically and is shut off automatically at exactly the right time. You do not have to baste the meat or add water to the

vegetables. And since cooking is entirely automatic, there's never any guesswork about results.

They are as savory and as appetizing as the rich juicy roasts, the sugar crusted hams, succulent vegetables and spicy puddings cooked in the famed Dutch ovens of old colonial days.

Arrest Eight Truck Drivers For Speeding

Pennsylvania Highway Patrol Detachment Visits New Bedford

SQUIRE ZEDAKER FINES OPERATORS

Pennsylvania highway patrolmen evidently are determined to cure speeding on Lawrence county highways as their second campaign to prevent speeding came this morning when eight drivers of trucks were arrested and fined \$10 and costs.

At 6 o'clock Sergeant Nuhfer, Corporal Black and Patrolmen McDermott and Paul, mounted on motorcycles, motored to New Bedford.

Eight trucks, they allege, broke the speed limit between New Bedford and a point toward New Castle on the Youngstown highway and were taken into custody.

The drivers were charged with speeding before Squire Zedaker at New Bedford. After a hearing they were fined \$10 and costs.

The highway patrolmen intimated at noon today that their efforts to stop speeding has not yet been concluded as one patrolman stated:

"I wouldn't be surprised if more arrests were made before the day is over."

Mayor May Ask For New Auto

It is anticipated that when city council convenes Friday the mayor, W. H. Gillespie will ask city council to instruct the city clerk to ask for bids for a new police automobile.

One of the present cars will be traded in on the new purchase and the other automobile will probably be repaired.

Fire Hose Contract Has Not Been Awarded

Recently council heard bids read on fire hose which the city proposes to buy. The bids were made on various types and the amount to be purchased is \$1,000. It is anticipated that the purchase will soon be authorized. The fire chief, it is understood, needs the hose.

AUTOMOBILES ARE DAMAGED IN CRASH
Harold McCartney, 517 West Clayton street reported to the police Wednesday that he was enroute south on Second street as a machine bearing Pennsylvania license 199-147 was going west on Madison avenue. McCartney saw the other machine and thought he had time to swing around the corner but No. 199-147 instead of stopping swung to the left to avoid McCartney and the machines came together head on. Both were somewhat damaged.

Found Fliers in Australian Wilds

Captain Kingsford-Smith, left, and Charles Ulm, right, heroes of the spectacular flight of the Southern Cross from the United States to Australia, were lost in the wildest section of Australia when their plane in which they were attempting a series of flights to London was forced down near the Drysdale river. A British government rescue party found them and plane unharmed in the midst of the semi-cannibalistic tribes in the section.

County Physicians To Banquet Tonight

Plan Testimonial For Miss Lydia MacKinney; Speaker Coming From Cleveland

Members of the Lawrence County Medical society will gather at The Castleton at 6:30 o'clock tonight for their annual testimonial banquet. At this time the society will do honor to Miss Lydia MacKinney, former superintendent of the Shenango Valley hospital. The county physicians will honor Miss MacKinney for her many long years of service in that position.

Dr. C. J. Smyser of New Wilmington, president of the organization, will preside as toastmaster and Dr. George W. Crile of Cleveland, noted specialist, is to be the principal speaker. Dr. Crile will talk on particular items of interest regarding gall bladder and thyroid.

While in this city, Dr. Crile will be the house guest of Dr. John Foster, of North Mercer street. He is expected to arrive sometime late this afternoon.

Aged Man Is Freed On Murder Charge

White Haven Man Who Killed His Daughter Is Given Freedom By Jury Today

(International News Service)
WILKES-BARRE, Pa., April 4.—John Ritzel, 83-year-old, retired railroad worker, who admitted that he shot and killed his daughter, Mrs. James

Dempsey, at White Haven, was acquitted by a verdict of a jury in criminal court today. He walked from the courtroom a free man.

Judge E. E. Jones who received the verdict, criticized the return. He then discharged the jurors. The case went to the jury at 7:45 o'clock last night, but the jurors were unable to agree at midnight when they retired for the night.

Ritzel insisted that he fired when he thought he was going to be put out of his daughter's home. He said he did not aim at anyone in particular.

Stomach Agony

Buenger's BI-REX Alkaline Powder Soothes and Heals Distressed Stomachs. You Feel It Doing Its Work in Less Than 15 Minutes' Time.

A Life Saver for "Traveling Men"
"Please send me one can of Bi-Rex," writes Mr. Oliver C. Miller, Phoenix, Arizona. "Bi-Rex is surely a life saver for traveling men and those people who must depend upon restaurants for their food."

BI-REX Is Safe

Bi-Rex is highly endorsed by many physicians and satisfied users. You'll find it safer than soda and far better than milk of magnesia, because it is scientifically compounded. For sale by McKinley and Frantz. The basis of satisfaction or your money will be refunded.

Good-By Pain

Bi-Rex makes your stomach smile. It awakens appetite—stimulates the secretory glands—acts as an antacid and laxative—helps you say, "Goodbye forever!" to all stomach troubles due to Hyper-Acidity. One dose puts the stomach in condition to digest 6,000 grains of food. You can't count on pills, tablets or capsules to relieve you promptly. They sometimes fail to dissolve. The ingredients of Bi-Rex are in powder form—Nature's form—and they go right to work in the stomach, correcting stomach ills and distresses quickly and promptly.

Morgan Continues Liquor Denials In Washington Today

(International News Service)
WASHINGTON, April 4.—Rep. William A. Morgan (R) of Ohio was wrothy today over the continued accusation leveled at him by New York customs inspectors that he had four bottles of liquor in his baggage when he came through from Panama last week.

He has not yet, however decided on what he will do about it, if anything. He has heretofore indicated to newspaper questioners that he had no intention of pressing the matter, being content to let the matter drop.

When seen today, the Ohio bonedry merely reiterated his denial that he had any liquor, or that the inspectors had any liquor.

Colonel Fuller Dies On Coast

(International News Service)
ALLENTOWN, Pa., April 4.—Col. James W. Fuller 56-year old president of the Fuller Company of Catasauque, Pa., and descendant of Dr. Fuller of the Mayflower, died in St. Luke's Hospital at San Francisco early today according to a long distance telephone message received here.

Sleeping sickness contracted from the bite of a bug was said to have caused his death.

(International News Service)
HONOLULU, April 4.—Exploding acid from the core of a golf ball nearly cost the sight of Jack Webster on the island of Hawaii. Young Webster was curious to learn how golf balls are made. Procuring an old one, he began whittling it with a knife. Suddenly the acid which is used in the core to give resiliency, flared up when the air reached it, and splashed into his face and eyes.

Schools Show Gain In Acres Of Rooms

(International News Service)
BOSTON, April 4.—Nearly 900 acres of new educational building floor space have been added in New England during the past eight years.

During the same space of time companies in the life insurance field in New England, representing 88 per

cent of the total sales, increased their business nearly 83 per cent.

These facts were revealed in the sixth of a series of charts prepared by the Bureau of Commercial and Industrial Affairs of the Boston Chamber of Commerce.

Long a leader in education, New England is planning far ahead to maintain its leadership in that field. The concentration of population in the southern portion of New England offers a fertile field for the development of school buildings and institutions of higher learning.

There are in New England well over 10,000 school buildings, or one every six square miles of area. The rest of the United States has one school to

every 12 square miles. In addition New England is adding nearly 5,000,000 square feet each year.

Stock Market Profits Increase Income Taxes

Estimate Stock Market Profits During 1928 Add Two Billion And Half To Taxes

Speculative Market Adds About \$85,000,000 To Revenue For Government

(International News Service) WASHINGTON, April 4.—Profits from stock market transactions in 1928 added probably \$2,500,000,000 or more to the incomes of individual tax payers. Treasury department experts estimated today.

Approximately accurate figures will be disclosed by the analysis of the income tax returns filed March 15. Study of these returns already is underway, but no announcement of the results will be made before late autumn.

In 1927 profits from the sale of real estate, stocks and bonds held less than two years amounted to \$1,745,074,000. It was anticipated that the figure, as shown by federal tax returns, would be at least double for 1928. Experts pointed out that the major portion of the profits so listed are derived from stock transactions.

The estimate includes only such income as is reported for the purpose of taxation, the gross return being considerably greater. It does not include profits made by corporations on speculation, since corporate income is not listed by sources.

The speculative market resulted in an addition of about \$85,000,000 revenue for the government in March and for the fiscal year the gain is expected to be about \$150,000,000.

Struck By Truck, Robert Doyle Is Suing For Damages

Asks For \$1000 From Jacob Kulk Owner Of Truck Driven By Mike Borbosh

Robert Doyle, by his parents, Mr. and Mrs. Frank Doyle, has filed a suit in court here against Jacob Kulk, in which \$1,000 damage is asked for injuries received by Robert Doyle in an automobile accident on Washington street. It is claimed that Robert started to go from the north to the south side of Washington street, near the intersection of Mercer. When he was about the center of the street he was struck by a truck belonging to the defendant and operated by Mike Borbosh. It is claimed that his left clavicle was fractured and that he sustained other injuries which made it necessary for him to go to the hospital, and expend large sums for doctor bills. It is alleged that the truck was being operated at a high rate of speed and in a reckless manner.

Verdicts Rendered In Two Cases On Trial At Court

Verdict Of \$5382.20 Is Rendered In Ellwood City House Building Case

In the case of Frank Port against Paul and Marie Giancola, which was on trial before Judge Hildebrand, the jury returned a verdict in favor of the plaintiff for \$5382.20. The trouble grew out of the erection of a house at Ellwood City, which defendants claimed was not according to specifications.

In the case of Lloyd G. Walden against Hazel and Carl Senold, which was tried before Judge Chambers, the jury returned a verdict in favor of the plaintiff for \$782.94. The suit was based on a note for \$700, and the verdict includes interest on the note.

Mush Ball Backers Meet This Evening

Husband Is Arrested Soon After Wedding Wife Wants Divorce

Minnie M. Livermore has filed an application for divorce from her husband, John N. Livermore, on the grounds of desertion. They were married in December, 1926. Two or three weeks after their marriage Livermore was arrested for the larceny of an automobile, which it is claimed he had stolen previous to the marriage. He was convicted and sentenced to one year in the Atlanta penitentiary. He was paroled on October 6th, 1927. The libellant claims that she did not see him after January 15th, 1927 and does not now know his residence.

Suit For Damages By Auto Accident

The case of Arsenio Vereselli, by her father Basso Vereselli, and the Vereselli Construction company is on trial before Judge Hildebrand today. The case is one in which damages are claimed for injuries to Arsenio Vereselli, who was hit by a truck belonging to the defendant company on Union street. It is claimed that the truck was being carelessly operated. This is denied by the defendant.

WESTFIELD CAST PRESENTS PLAY

The cast of the Westfield grange home talent play presented their production again Wednesday evening at the auditorium of the North Beaver township school in Mt. Jackson. A large crowd was in attendance. Members of the cast included Earl Cox, Howard Gilmore, Ed. McKim, Harry Emery, W. S. Fullerton, Ruth Roney, Ellen Hawkins, Lillian Fullerton, Olive Walter and Lillian Fullerton.

GOOD CROWD ATTENDS PASSION PLAY LECTURE

There was a considerable number of people present last night at the First Presbyterian church and heard John A. Jordan give his illustrated lecture on the Passion Play at that place under the auspices of the Church Bible school. The lecture and pictures shown proved of unusual interest. The choir of the church assisted in carrying out the program of the evening.

Wampum Woman Tells Of Raid Made On Home

Says That Officers Left The House In Disorder After Their Visit

Mrs. Rubena Ferrante, wife of Louis Ferrante of Wampum, was the first witness called before Judge Chambers in court this morning in the case in which Louis Ferrante is charged with an unlawful search of his premises by Constable John Miller, Constable William Graham, County Detective William G. Fleming, and State Police William Brush and Harold Muncy.

She also claimed that a daughter was sleeping in one of the upstairs bedrooms and that she had prevailed upon the officers not to enter the room. Her daughter, she said, suffered greatly from fright, and after the officers had left a physician had to be called. She claimed that she did not see any warrant giving the officers the right to search her place. She claimed that bureau drawers were emptied on the floors and that clothes in presses were torn down and thrown on the floors. After the house had been searched she said the officers went into a garage, which they broke open and searched.

Boy Scout News

NEW WILMINGTON NEWS

The New Wilmington Boy Scout troop No. 1 held its weekly meeting on Tuesday evening, April 2. The meeting was opened by the color ceremony. Roland Robinson and Harry Thompson were two candidates. Harry Kuhn Jr. will be sworn into the troop at the next meeting.

Three well constructed bird houses and a knot board were presented to the troop. The bird houses were made by Clifford Cox, Alvie Gaines and Hans Holm; the knot board was made by Robert Weber.

There was also a stunt night program, which consisted of a talk, stories and other stunts. Howard Lee gave a talk on bird houses. Robert Weber was high point scorer for the week, with a total of 29 points. The next meeting will be held Tuesday evening, April 7th. Scribe, Thomas Rogers Jr.

HIGHLAND TROOP IS

The Highland Boy Scout troop No. 1 held a very interesting meeting Tuesday evening in the "Highland Caves" with Scoutmaster George May presiding. Other troop officers present were Assistant Scoutmaster Howard Bott, Senior Patrol Leader Jack Stevenson and Junior Assist-

ant Scoutmasters Howard Gates, David Nesbit and Bob Jameson. Committee men Spruill, Fehls and McGrath were present.

The opening exercises were in charge of Scoutmaster May. Bill Brown and Bob Brown, former Scouts in the troop, applied for membership and were accepted. Tests were passed: Scotty Uber and Bob Gwin completed tenderfoot tests; Bud Gordon and Jack Fox, second-class campers; Jack Fox, second-class knife and hatchet.

Next on the program was a candy hunt held in the meeting room. The Raccoon Patrol, Tom Trodden patrol leader, received 30 pieces and 25 points; Mink Patrol found 25 pieces and received 15 points; Bear Patrol found 10 pieces and received five points. A game of "Steal the Bacon" was held between the four patrols, two on each side. The Fox and Bear Patrols won first place and received 25 points. The results of the point contest now stands: Mink Patrol, 1,300 points; Fox Patrol, 1,100; Raccoon, 900; and the Bear Patrol 600.

The camporee team was selected. The first practice will be held Friday, April 12th.

Hoover Has Busy Day Wednesday In Shaking Of Hands

(International News Service) WASHINGTON, April 4.—The White House appealed to congress today to "go easy" on sending hand-shaking constituents to the executive offices to shake hands with the president.

The president's hand and arm were sore today from yesterday's record-breaking throng, when 1,757 people filed by and pumped the presidential arm.

Informally the White House today requested senators and representatives to limit their cards to not to exceed ten a day. Yesterday one senator alone—and a Democrat at that—sent 188 visitors to shake hands with Mr. Hoover.

Labor Federation Supports Measure On 44-Hour Week

Bill In Senate Would Have Women Work But 44 Hours Each Week

(International News Service)
HARRISBURG, April 4.—The Pennsylvania Federation of Labor will make a strenuous effort next week to have the legislature consider the bill sponsored by Senator McCrossin, Philadelphia, providing for a 44-hour week for women in industries. Miss Margaret Burke of the Women's Trade Union League, told the delegates to the federation's annual convention, in session here.

While the McCrossin bill is still in committee, Miss Burke said, a concerted effort will be made to have the measure reported out some time during the session next week. Miss Burke pointed out that there were only two more weeks of legislative sessions before the members adjourn on April 18, and urged that all members of the federation, communicate with their representatives and senators so the bill can be acted upon during the present session.

Charles A. Waters, secretary of labor and industry, told the delegates that the employment bureau of the department would be expanded during the next few months in an effort to alleviate the unemployment situation.

Waters also reviewed the work of the department during the past year, pointing out that as a result of the safety campaign instituted by his department industrial accidents have decreased considerably.

Paul Waner Reach Fort Worth, Texas, Today; To Interview Barney Dreyfuss

(International News Service)
FORT WORTH, Texas, April 4.—Paul Waner, holdout star of the Pittsburgh Pirates, reached Fort Worth unexpectedly today and a short time later said he would have a conference with Barney Dreyfuss, owner of the club, relative to a contract for the coming season.

Asked for an expression on the arrival of the hard-hitting outfielder, who is reported holding out for an \$18,000-a-year salary, Dreyfuss indicated he would welcome a meeting.

Road House Owners Held Responsible

Mercer County Officers To Make Drive Against Liquor Parties In Resorts

MERCER, Pa., April 4.—Tea room and road house proprietors in Mercer county who know that their guests are transporting liquor to their places for illegal use and do not order the practice stopped will be held responsible by the county police authorities.

That there are places operating on this basis is stated here today by County Detective Sam Layshook, who says that he knows of several places in the county which are running wide open.

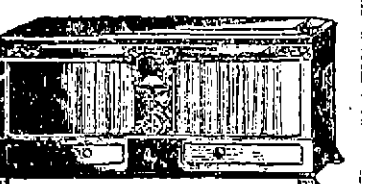

Selection of places that are well isolated in the country to escape the police is made. Complaints have been made to Layshook about wild parties occurring at these houses.

Pittsburgh Court Passes Sentence In Case Of Trio Arrested Here Recently

Of interest here was the action of United States Court Judge F. P. Schoonmaker at Pittsburgh yesterday when he sentenced Joseph Pickles of Yatesboro, Pa., and Joseph Greaves and Walter Patterson of Pittsburgh.

It will be remembered that some little time ago Motorcycle Officer Richards arrested Greaves and Patterson here when found operating a borrowed car, which was thought at first to have been stolen.

Inquiry at Pittsburgh developed the fact that they had figured in the taking of Mary Jane Curci, aged 17, of Pittsburgh from Yatesboro to Struthers, O., for immoral purposes. Pickles, it was found, was the man for whom they had taken the girl.

They were sent to the county jail here on charges of operating a motor vehicle without a driver's license. They were released here last Saturday, when they were taken to Pittsburgh to testify in the case of Pickles, charged with violation of the Mann white slave act. They were then paroled.

In connection with the case, it will be remembered that after their arrest Detective C. G. Logan of this city in company with two Pittsburgh detectives and one of the men under arrest went to Struthers, O., and located and took the girl back to her home. Pickles was later arrested at the same place and taken to Pittsburgh.

Pickles was found guilty and sentenced to six months in jail, but sentence was suspended when it was stated to the court that they proposed getting married.

Harrisburg Man Is Found Suicide

(International News Service)
HARRISBURG, April 4.—Park W. Witmer, 44, former Harrisburg merchant, was found dead early today in the Camp Hill section, a bullet hole in his head and a revolver clutched in his hand, his body slumped over the wheel of his automobile. State police and relatives said Witmer had committed suicide. Ill health was blamed for his action.

A Man You Must Meet

That Is, If You Desire To Get Close To President Hoover, For Chief Secretary Akerson Will See To It

Mr. and Mrs. George E. Akerson

By BONITA WITT,
Staff Writer for Central Press and
New Castle News

WASHINGTON, April 4.—If you desire to shake the hand of President Hoover, have your picture taken with him, present him with a bolt of goods or a pet orange-outang, George E. Akerson, chief secretary of the president, is the man to see.

In a corner of the wing of the White House given over to the executive offices, Akerson, a youngish-looking man with graying hair, occupies a spacious office lined with chairs which seldom are empty. There he meets a constant stream of persons who desire to see the president on missions both important and foolish. It is Akerson's job to see that the merely curious and those with trifling proposals get no opportunity to take up the president's time, while those with legitimate business to transact are admitted as speedily as possible.

Akerson's day begins at 9 o'clock, when he arrives at his office and immediately goes into conference with the president. He finds out whom the president desires summoned during the day, which persons he is eager to see and what the general program

is to be. Together they go over some of the mail.

The Grind Begins

Then, at 10 o'clock, the engagements begin. If a cabinet officer, senator or representative arrives he is admitted at once and those who have had engagements for weeks must wait. It is Akerson's job then to keep those who are waiting patient and in good humor. He must learn to know the callers by sight.

During the morning he frequently must call the president to pose with various groups who have come to Washington. Twice daily Akerson holds press conferences, answering such questions as lie within his province to answer so that correspondents need not wait until the president's weekly conference. He sits in also on the president's press conference.

In the afternoon, when there are few engagements, he must be available so as to supply President Hoover with any information he may require. At 5 o'clock he again meets with him, goes over the day's happenings and lays plans for the morrow.

With President Three Years

For three years Akerson has been associated with Mr. Hoover. He comes from Minneapolis, Minn., where he obtained a position on the Tribune, some 12 years ago, just after his graduation from Harvard.

When the Tribune's political writer quit young Akerson was given the job because of his enthusiasm for politics, and he soon was known throughout Minnesota for his work. He traversed the borders of the state and began to write of the agrarian movement in North Dakota and Townley's Nonpartisan league until he became an acknowledged authority on both subjects.

After writing of things political for years, he took a hand in the election of a mayor in Minneapolis and was given considerable credit for the campaign's subsequent victory. Finally, his love of politics drew him to Washington, where he covered an important conference. Within a short time he became secretary to Mr. Hoover, who then held the commerce portfolio in the Coolidge cabinet.

Since that time he has been with Mr. Hoover constantly, making trip after trip with him. He was a member of the party which accompanied the president to South America.

The Illinois deputy who killed a woman and helped club a man into insensibility says he is sorry. And very handsome of him, too.—The Akron Beacon Journal.

THE BRAIN TEAM

Harvard and Yale, departing a bit from athletics for the moment, recently put on a brain contest. Harvard was victorious over Yale in an English literature test. Now Harvard challenges all comers. Newspaper humorists and others will have a lot of fun over this, but it is good serious news just the same. As the years go on, and people become wiser, there will be more and more intellectual contests between college teams.

CHEATING

An income tax counselor in Hollywood, helping some wealthy folk to make fraudulent tax returns, is caught by the government. This brings up the question of the never-ceasing attempts of people of all sorts to keep from paying their just taxes. A man who would not cheat another man will think he is smart if he can cheat the government. And yet, the government is just a number of men banded to gether for the common good.

KELLOGG'S JOB

Belgium accepts the Kellogg pact. Mr. Kellogg, secretary of state in the Coolidge administration, who has been holding over for a few weeks in the Hoover administration, has the satisfaction of seeing his great achievement practically completed. Few important nations now remain outside the arbitration agreement. Mr. Kellogg, becoming secretary of state, had an aim. He set out to achieve a definite thing. By persistence he succeeded. No man is fit for high office unless he has a definite purpose in view—unless he has imagination to see that there is something definite to be done that he may be able to do. And then he must be willing to pay the price of doing it.

TELLING THE PEOPLE

The expense of the Republican national committee for the campaign and for the Democratic national committee was about \$5,000,000 each. Those are large figures, but it is money well spent if it resulted in creating a greater interest on the part of the people in national affairs and in the governing of our democracy. Almost everybody would welcome a shorter campaign period, if the same amount of information about candidates and issues could be spread abroad in less time. This ought to be possible with the increasing use of the radio and the more and more widely distributed publicity. But there should not be shortening of any major political campaign at the expense of a decreased amount of publicity.

NEW YORK, April 4.—Christopher Morley, the ex-columnist who now sponsors former stage successes in Hoboken, N. J., was interviewed the other day. He asserts that Broadway has "blown itself up" and that the billing "Straight From Broadway" doesn't mean a thing except possibly a slight depreciation. "But," says Mr. Morley, "say to Boston and Philadelphia, 'Straight From Hoboken' and they'll want it!"

Mr. Morley also predicts "some day Hoboken will be a name in the theater like Moscow."

THE BURDEN OF MAN.

In their joint effort "Man's Estate" which arrived at the Baltimore via the Theater Guild route, Bruce Gould and Beatrice Blackmar reveal how a young man's ambitions and aspirations can be stifled by love—or woman. It was this inspector's impression after the last asbestos dropped, that Mr. Gould's ambitions to write a good show resulted in accomplishment because his collaborator happens to be Mrs. Gould.

At any rate, "Man's Estate" is a delightful diversion, sometimes sluggish, but more often entrancing, and the romance in it is incessantly thrilling. The piece was once known as "King X," and Jed Harris toyed with it a while eventually defaulting with the wisenheimers contending that it was because it was miscast. That probably is true, for last evening with several Guild reliables, "Man's Estate" appeared to be good entertainment.

The playing of the entire cast is very fine. Earle Larimore, in the lead, accounting himself most creditably, and Margalo Gilmore as Seslay lending her great charm and talent to the proceedings. Dudley Digges, Elizabeth Patterson and Armina Marshall were others who contributed in the Guild manner.

- All Prices remain the same during the Anniversary Sale or until sold out.
- All merchandise in this 31st Anniversary Event is NEW. This is not a clearance sale, but an Exposition of the newest furniture at less than standard prices.
- There are many things Frew's will not do to create business. Nor will this Anniversary Sale do any of these things. The ideals of this business will not be sacrificed.
- The betterment of furniture quality and design has always been a major plank in the Frew Platform. A Frew Anniversary Sale can only be built from that kind of furniture. All furniture in this sale is of Frew quality.
- The Frew credit system is the easiest as is possible without premium prices. Remember you are buying furniture, not credit.

Valentine Seaver 2-pc. LIVING ROOM SUITES

—Did you ever hear of a "Valentine Seaver" suite ever selling for less than \$225? We know you did not. For only Frews in New Castle maintain standards sufficiently high to sell Valentine Seavers. Valentine Seavers do not go about seeking retail outlets—they select only stores that maintain legitimate standards of quality and beauty.

Frew's wished something special for their anniversary. Valentine-Seaver made these expressly for us. They are \$250.00 values.

\$184

This assortment includes all the new colors and are styled in a simply beautiful fashion. The coil spring cushions are reversible and of fine "Car-vel Mohair." There are many grades of Mohair, some going as low as 4 grade. This is 12 grade heavy Mohair. The entire suite is constructed as only "Valentine Seaver" can and as only "Valentine Seaver" does—the springs are hand tied as close together as possible, all seams are welled, etc. What we wish to emphasize is the fact that these suites are built as well as any suite can be built.

Believe Southern Cross Fliers Forced Down In Region West Of Drysdale River

(International News Service) SYDNEY, N. S. W., April 4.—Search for the missing trans-Pacific airplane Southern Cross and its four occupants which was forced down in the wilderness near Warramundi on Saturday, continued today without any trace of the plane being discovered.

It is now believed that the plane is west of the Drysdale river district as the Drysdale river station sent word that a plane was seen flying westward on Saturday.

Capt. Charles Kingsford-Smith, Capt. Charles Ulin and their two companions in the lost plane were on the first lap of a flight to England when their machine was forced down.

There will be a buffet lunch served from six p. m. on and there will be such diversions as pool, cards and other games. The committee in charge of the event consists of Messrs. Neal Williams, J. J. Miller, William Richardson, Charles Needler and W. N. Robinson.

NORTH MERCK STREET

PLACE IS RAIDED

Because of numerous complaints, Lieutenant of Police Hillers and Officer John Moore, last night visited the home of a man giving the name of "John Jones" and three other men found there and giving the names of "Harry Myers," "Jim Henry" and "James Gaspero." There was evidence of a drinking party found by the officers. "Jones" gave a forfeit of \$50, and "Myers" a forfeit of \$25 for their appearance later at a hearing on charges of keeping a disorderly house and visitor in a disorderly house. They did not appear this morning and their forfeits were declared the property of the city. "Henry" and "Gaspero" paid fines of \$10 each this morning when they appeared before the mayor.

Locality Index Bill Is Repealed

Senate Passes Richard's Measure Today Which Will Save County \$10,000

(Special To The News) HARRISBURG, Pa., April 4.—House bill No. 1441, a measure introduced by Hon. Bert Richards, repealing the locality index for Lawrence county was passed by the Senate today.

The measure now goes to the governor for his signature and if signed will become a law. It will save Lawrence county \$10,000 as the present index is full and would have to be replaced by a new one.

TUTTLE READY TO DROP PROCEDURE IN MORGAN CASE

(Continued From Page One)

not testify against her husband in a criminal proceeding.

Morgan Denies Charges

Morgan, of course, could waive immunity and personally appear before the grand jury to vindicate himself. He has steadfastly declared, in statements given out in Washington, that he did not bring any liquor into port.

But Inspector Crawford flatly contradicts this. He testified that Morgan, not only brought liquor in but threatened to "raise hell in Washington" when free entry was at first refused him. It was on Morgan's claim that he had been to Panama on "official government business" that free entry was granted.

The testimony of the customs men alleged also that Morgan had refused to open his hand bag or that of his wife, and had instructed the wife of Representative Hall of Bismarck, N. D., not to open hers.

Tuttle to all intents is continuing his investigation of the Morgan case. The congressman persists in his denial that he brought the liquor in, and classed statements that it was done for his wife as "persecution."

Calls It "Frame-Up"

LOGAN'S FERRY, Pa., April 4.—"It's all a frame-up. There's not a word of truth in it. My husband never touched a drop of liquor and Mr. Morgan wouldn't bring in any if he did."

In these words, Mrs. Hugh Logan, mother-in-law of Congressman William M. Morgan, today denied to International News Service that the legislator brought in any liquor for his father-in-law from Panama.

"My husband is not sick," Mrs. Logan said. "He is not under any doctor's care and nobody prescribed liquor for him. He wouldn't touch a drop."

"Mr. Morgan wouldn't violate the prohibition laws on any laws, and my daughter wouldn't want him to take any such risk. Mr. Morgan is one of the straightest men I ever knew and he has always been a strict dry."

"We don't use liquor in any form here. Why, we don't even have home made wine, and we have just lots and lots of grapes here," she said in her home in this little Allegheny county village.

"It's all a frame-up. Why, I know all about it," she continued. "They wouldn't take some of the passengers' word for it when they said there wasn't any liquor in some of the boxes they brought from Panama. They opened some of the boxes, but they didn't touch any of Mr. Morgan's baggage."

PRETTY YOUNG FACTORY GIRL FINDS RELIEF FROM PAIN

"I will always feel grateful to my heart," says Miss Barton, McKeesport, Pa., "for the scientific men who have given World's Tonic to suffering people."

"Before I learned about World's Tonic, I used to suffer terribly at intervals. I would have awful shooting pains across the small of my back and an ache in the top of my head that was like a hot iron pressing down on my brain. When I had these spells I could not go to work. This made it hard for me to hold a job. I tried lots of different medicines, but none of them did me any real good. By and by my girl friend told me how World's Tonic had helped her. She said the herbs in World's Tonic were gathered in their natural state and used that way in compounding the medicine. This is why World's Tonic brings such lasting benefits. Other so-called tonics are often more 'chemical extracts' which cannot possibly retain kindly, natural vitality. When I tried World's Tonic, I found it absolutely different from any remedy I had ever used before. I was better from the first bottle. I continued taking it for a while longer because I wanted to get the complete effect of World's Tonic on my system. But I did not lose a day from my work. I was absolutely free from the terrible pains in my head and back and my whole system felt refreshed and cleared.

These bad spells don't bother me any more. I don't let them get started. At the first symptoms of one coming on, I take World's Tonic and that's the last of my trouble. I tell all my girl friends at the factory to keep World's Tonic on hand all the time. It has helped every girl who has used it."

World's Tonic is on sale at McKee's Kut Rate Store, Bookers of New Castle, Pa., and at all other modern drug stores. (A-12)

FORMAL PETITION IS MADE FOR AIR MAIL STOP HERE

(Continued From Page One)

the aid of district Congressmen who have pledged their utmost aid in the matter.

Petition Is Given

Below parts of the formal petition sent to the Post Office Department are printed:

That James W. Cole is Secretary of the Chamber of Commerce of New Castle, Pa., and is a member of the Booster Club of New Castle, Pa., and that because of his capacity as Secretary of the said Chamber of Commerce and by reason of his membership in the Boosters Club he has personal knowledge of the facts herein contained.

That at a meeting of the Board of Directors of said Chamber of Commerce held February 21, 1929, a resolution was passed providing for the appointment of a Committee to be known as "The Air Mail Committee," the duty of which committee was to procure for the city of New Castle, Pa., a stop on the Pittsburgh-Cleveland air mail line, thus giving New Castle direct delivery and dispatch of air mail.

That pursuant to the said resolution Ira M. Ramsey, President of the Chamber of Commerce, appointed as members of the Committee Robert J. Tully, John H. Lamb, John Higgins, Charles Cripps and Clarence Kimmel.

That on February 27, 1929, the Booster Club passed a similar resolution providing for the appointment of a similar committee and subsequent thereto Charles Colnot, President of the Boosters Club, appointed the following committee: William Nunn, chairman, Edward McBride, Stanley T. Rees, William Thelman, John Wilmer, Jr., James E. Moorhead, Orville Potter, Dan P. Cunningham, and Fred D. March.

That plan was later formulated whereby the attached lists of Air Mail users were circulated by the said committees and signatures obtained. That all the signers thereof are responsible people and their signatures genuine.

That some signers thereto designated a desire to approximate average daily use of air mail and others a weekly average use of air mail, and for this reason the attached lists are in two parts with appropriate headings thereon.

That the originals of these petitions are in the possession of deponent.

That subsequent to the circulation of the said lists announcement has been made in the public press that part of the mail originating at Grove City, Pa., and Slippery Rock, Pa., will be sent through the New Castle Post Office, and that this in turn will augment the use of air mail of New Castle Post Office.

That many other nearby towns and villages send mail to New Castle for dispatch.

That the average daily use of air mail by patrons of New Castle Post Office now is over one-half the five pounds required and that the Chamber of Commerce and the Boosters Club have formulated plans whereby it is confidently expected the daily average of five pounds will be reached and maintained.

That should the New Castle stop be added on said air mail line the use of air mail will be further increased because at present all air mail originating in the New Castle city actually leaves this city by train.

HE'S A CLEAN CUT YOUNG FELLOW

What most people mean when they say that — is in reality — "He's a Well Dressed Man". Yet in nine of every ten cases they are precisely thought not literally correct in calling him a "Clean Cut Young Fellow". For, somehow or other, the way a man acts is determined a great deal by the way he is dressed. Put a slovenly fellow into a military uniform and what happens? His shoulders straighten up, his chin comes in, and his heels click — Why? Simply because of the way he is dressed. And the confidence a business man has in his attire has a great deal to do with his success. VAN FLEET and EAKIN'S business attire is inexpensive yet correct.

Business Suits \$35

Here at VAN FLEET and EAKIN'S is a large variety of busy, busy men's suits. Conservative in style and confidently correct. Suits of the type successful men who meet the public every day have confidence in.

Business Hats \$5

All the style you can buy at any price, all the quality that is necessary — yet inexpensive enough for hard day-in and day-out wear — and the stamp of successful men is inside — the VAN FLEET and EAKIN label.

THIS NEW DISCOVERY SWIFTLY RIDES YOU OF LOATHSOME CATARRH

Opex Opens up Catarrh Stuffed Nostrils in Three Minutes. Lessens Buzzing, Ringing and Singing in Ears and Ends Catarrh Says Authority

No More Mucus In Throat To Hawk Up In The Morning

It's about time that someone with brains gave to Catarrh sufferers a simple, quick and sure remedy that not only soothes and heals the inflamed catarrh soaked membrane, but also promptly destroys the vicious germs that cause this disgusting disease.

Opex Opens Up Stuffed Nostrils In 3 Minutes

30 Days Free Trial

Now all you have to do is to spray gently and over the entire sore, germ infested membrane, this purifying, germ killing vapor of Opex reaching every nook, crevice and fold in the membrane, as no other remedy can end opening up in three minutes the stuffed up passages.

It seems like a miracle, but after you use Opex a few times each day for a few days, you will find that the sore, raw, swollen, tender membrane is completely healed; sniffing and hawking have ceased and the discharge of catarrhal mucus has stopped.

And here's something that will bring joy to millions — after you use Opex for two weeks you won't find a particle of mucus in your throat in the morning — that means no more hawking and straining.

The ringing and buzzing in the ears will start to disappear and your hearing, if affected, will probably be improved.

It is worth a whole lot of money to get rid of stubborn catarrh and burning noise in the ears, but Opex, which costs so little, will send its purifying, healing, smokeless vapor just where it will do the most good — you can actually see it going in, one nostril and out of the other.

Opex is sold by leading druggists in America for \$1.00, with the distinct understanding that if you are not satisfied at the end of 30 days your money will be gladly refunded. Opex is a delicate to use because of its wholesome fragrance.

And remember this — the toughest, old head colds are knocked out in a few hours with Opex — it's the magic treatment of science, for with this new discovery you can reach the entire respiratory tract — right down to the bottom of the lungs.

West Side School Leads In Thrift

Highland School Is Second And Arthur McGill Third For Month

The West Side school had the best record for saving for the month of March, their average amount put in the automatic receiving teller being 53c per pupil. The Highland avenue school was second with an average of 30c per pupil deposited in the receiving teller, and the Arthur McGill school was third with an average of 25c deposited in the receiving teller. These three schools have held the lead throughout the entire school year, but it is problematical at the present time to say just which one will have the best average record for the year, as the race between these three has been so close.

The following are the other schools in their order: Thaddeus Stevens school, an average of 23c; Rose avenue school, an average of 21c; Oak street school, an average of 17c; Terrace avenue school, an average of 15c; Aiken school, an average of 14c; Lawrence school, an average of 14c; Benjamin Franklin Jr. high school, an average of 12c; Mahoning school, an average of 11c; North street school, an average of 8c; Lincoln & Garfield school, an average of 7c; Pollock avenue school, an average of 6c; George Washington Jr. high school, an average of 4c; Senior high school an average of 2c.

It might be well to say that the average for the Benjamin Franklin Jr. high school for this month is very good, as the experience of high schools all over the country is that their savings are not as high as the grade schools.

In the county schools, the Shenango Consolidated school deposited in the receiving teller, \$150.63 for the month of March, while the Union Township school deposited \$78.17 and the North Beaver Consolidated school deposited \$43.39.

The schools are compiling lists at this time of the students who have saved at least one coin a week throughout the school year, and the special thrift exercises in the schools will start this month. Some of the students have saved regularly for a number of years and the following are the awards that will be given:

First year of saving, an honorable mention certificate; second year of saving, a thrift army pin; third year of saving, a thrift champion certificate; fourth year of saving, a thrift diploma, and the fifth year of saving, a thrift diploma with a star.

The recognition that is given is based on the regularity of the saving and the amount that is saved is not taken into consideration. The student who saves one penny a week gets

New Officers Are Named By Booster Club

F. V. Lortz, W. E. Ferver
And John R. Dunfee Form
Advisory Committee

ANNUAL ELECTION OCCURS LAST NIGHT

Election of officers was the principal item of business before the members of the New Castle Booster Club at their meeting in the city council chambers last evening, a good attendance of the membership being present.

Floyd V. Lortz, William E. Ferver and John R. Dunfee were selected to comprise the advisory committee, in whom will be vested the powers of the president of the organization. Each will act for a three-month period, and in the event of the chairman's absence, one of the other men will assume the duties of the office for that evening.

The other officers named were: First vice president in charge of membership, Thomas J. Cunningham. Second vice president in charge of finances, Ed. C. Chapman. Third vice president in charge of industrial relations, T. Wilbur McCullough.

Fourth vice president in charge of publicity, George C. Fox. Secretary, Paul B. Griffith. Treasurer, A. H. Owens.

The committee which was named to count the votes was Frank A. Andrews, E. V. Fisher and William Falls. During the course of the evening John R. Dunfee of the air mail committee stated that air mail folders, designed to be placed in mail matter to be sent from the city by air mail to increase the postage had been prepared, and these were distributed among the membership. The folders

contain pictures of New Castle industries and institutions and are designed to bring the weight of a letter up to the maximum two ounces which may be carried for a single stamp.

Carl Leathers, chairman of the bread committee, spoke on that project and stated that progress was being made, but that it was coming along slowly, due to the fact that the bakers and grocers were not co-operating in the matter as they should.

James P. Cole of the Chamber of Commerce asked the endorsement of the club in making formal application for air mail service in the city, stating that regular forms for this application have been received for presentation to the Post Office Department in Washington. This endorsement was unanimously given.

Report was made that since the movement had been started to boost New Castle, a Youngstown firm had established headquarters in the city and had placed the name of New Castle to the firm name, proposing to locate three trucks and several men in the city. It was also stated that a Greenville concern had leased a warehouse in the city and was sending several men here to locate permanently.

Several other matters of lesser importance were discussed, the election of officers having occupied the greater part of the evening.

Urges Veterans To Refrain From Borrowing On Bonus

Service Officer Dempsey Of Gaston Post Shows Folly Of Taking Loan

Ex-service men in increasing numbers are making application for loans on their adjusted compensation certificates, according to Service Officer Pat J. Dempsey of the Perry S. Gaston post, American Legion. Many of them failing to realize the loss which may accrue to them in the matter.

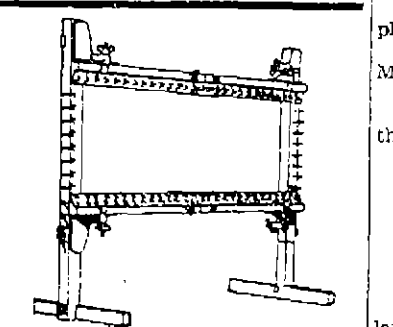

A great many veterans have applied for loans on their certificates as soon as the least amount is available for loaning purposes. Some of them intend to pay back the loan and the interest thereon, while others seem bent on allowing the interest to accumulate. Unless it is absolutely necessary, they should not make loans on their bonus. Mr. Dempsey showed how a \$150 loan secured now, and allowed to accumulate interest until the maturity of the certificate would almost triple itself during a period of 18 years. Interest is compounded at six per cent, annually, and it allowed to run for a period of 18 years would amount to \$278.10 on a loan of \$150. He pointed out that the dependents of the veterans are the ones who would lose in the event of their death, the principal and interest being subtracted from the face of the certificate, which is but a 20-year endowment insurance policy.

The Big Beaver Grange home talent play "The Old New Hampshire Home" was presented in their home hall on Friday evening to a packed house, every chair and standing space was taken up both on the main floor and the gallery. The New Galilee Mandolin Club furnished the music. Over sixty dollars was taken in over and above the season tickets which were bought at the opening of the entertainment course, by the majority of persons in the community. The members of the play cast presented the play in a pleasing manner and was one of the best plays of the season. The cast is composed of the following: James Beatty, Wayne Dunagan, Dale McHattie, Teddy Miller, Wendell Walker, William McMullen, Mr. and Mrs. George Greer, Mrs. Wayne McHattie, Misses Vinta Grim and Blanche Baker.

Local Veterans Posts Ask Senator Weingartner To Use Influence

Telegrams urging favorable action on the state veterans' bonus, for ex-service men in the World war, were sent yesterday by Commander Orville Potter of the Harry L. McBride post, Veterans of Foreign Wars, and Commander Ivor V. Davis of the

Perry S. Gaston post, American Legion.

Copies of a resolution passed at the meeting of the Harry L. McBride post Monday evening, demanding immediate and favorable action on the proposition were also sent by the vets to each member of the judiciary committee of the senate.

The house has favorably passed the bonus bill and it has been sent to the senate for action, but an apparent attempt is being made, according to the heads of the local veterans posts, to prevent action on the matter by the senate, the bill being still in the hands of the judiciary committee.

Veterans posts throughout the state are taking similar action. The measure is due to come up for discussion on Friday.

Colorado Girl Poses As Man All Her Life

By M. F. DACEY
International News Service Staff Correspondent
CANYON CITY, Colo., April 4.—Mrs. Mary Fitzgerald, prison matron, set about here recently to make a lady out of Jacqueline Morel, who has spent her 24 years of life dressed as a man, doing a man's work, and devoting herself to man's robust pastimes. Jacqueline was arrested in Casper, Wyo., on charges of robbery. She was convicted of the Casper "job" and imprisoned in many officers, was sentenced to serve time in the "big house" at Canon City. Her home is in Denver.

First of all, Jacqueline made great protest at having to don a dress instead of a heavy pair of overalls. There were no pockets in the light, flimsy gingham thing, and she hated long hose. But when Matron Fitzgerald assured her she would become accustomed to the feminine attire she conceded.

Dislikes Kitchen
The next protest came from Jacqueline when she was called upon to help in the kitchen at the prison. She never had done a kind of work, she would rather drive a truck—but again the prison matron insisted and Jacqueline consented.

Many other protests followed. She was told that she must mend her own clothes, darn her own stockings, comb her hair in a style becoming to a woman, and many other things incident to feminine life.

Finally, relief came. She learned that prisoners were allowed to play cards! Now she could do something that she enjoyed in Taquana, Los Angeles, Fort Worth, Denver, Cheyenne and other places in the wide open West. But there was a hitch to that—she could not gamble!

Makes Friend
Jacqueline immediately made friends with the smallest and most feminine prisoner in the matron's department of the penitentiary. The friend was "Marty" Romero, tiny Denver girl, who is serving a term for

Wild West Bandit In New Hampshire

(International News Service)
LACONIA, N. H., April 4.—A character of days gone by, a Deadwood Dick of the days of 1890, dressed in the regalia even to the ten gallon hat and a red bandanna handkerchief over his eyes, is the object of a wide search in New Hampshire.

The only thing lacking to make the "get up" perfect, so far as the manner of the holdup of the olden days is concerned, was the absence of a tiptop mustang.

The desperado made his appearance in a grocery store on main street here. He brandished an old army gun and was masked in a bandanna handkerchief.

In the store at the time beside the proprietor were two women clerks, a customer and two small boys. Walking right up to the startled proprietor, the man said "Come on, shell out."

Going to the cash register, he scooped out some bills amounting to \$125, and fled to the door. At the corner of Province and Main street, the Deadwood Dick bandit jostled a surprised citizen, who took to his heels when a revolver was pressed into his side.

The robber then fled afoot toward the town of Belmont and all trace was lost.

'Praying Men', Annual Convention In June

(International News Service)
SHENANDOAH, Ia., April 4.—"The Praying Men" will hold their international convention here June 7, 8 and 9. Walter L. Cropper of Omaha is president of the organization. Among those who will be on the program are Mrs. Iva Frances Nesbit, Baltimore, Md.; the Rev. J. Oliver Boswell, Jr., Wheaton, Ill.; J. M. Nicholson, Denver, and Adam J. Deaz, Hutchinson, Kas.

Third Class City Annexation Bill Up To Vote Monday

HARRISBURG, April 4.—Passage of a satisfactory plan of annexation for third-class cities was virtually assured Wednesday when differences over the Weingartner bill were reconciled at a public hearing before the house committee on municipal corporations.

The bill, which sets up definite machinery for taking in boroughs of less than 10,000 population, townships of less than 10,000 population and parts of townships and outlying lots, was reported for passage in the house an hour after the hearing. It will be up for final passage in the house on Monday night.

The Third-Class Cities league drafted the Weingartner bill and has agreed to the several amendments made in it both in the senate and in the house.

The amendment, which provides that the written consent of a majority of the property owners of parts of townships must accompany a petition to a court for appointment of a board of viewers to investigate the proposed annexation, was adopted by the committee.

Wherein We See Six
Methods Of Travel
Simultaneously And
At The Same
Place

It happened out at the Bradford airport on the Youngstown road one afternoon a short time ago, that there were six perfectly good methods of travel, each unconscious of the other and all evident at the same time. Each method had passed through its own evolutionary stage at one time or another. One of these stages was the first method of travel and one of the six was the most recent evolution—namely on foot and by airplane.

It was a curious moment to the onlooker who should happen to notice. A tramp, according to appearances, was hoofing it up the road, this was

without a doubt the first mode of travel to other places; a boy rode into the Bradford port on a bicycle, another evolution in travel; a farmer was just in front of the field driving two horses in a wagon; there were several cars passing and it so happened that one of the patrolmen passed at the moment on his motorcycle.

Overhead, an airplane was soaring about gracefully and near the ground. It just passed over the road at the time all of these travel means were congregated. All by chance, no planning done to show these six stages of travel.

It would probably not happen like that again in a life time—walker, the horse and wagon, the bicycle, the automobile, the motorcycle and the airplane. There were six of them.

Tokyo's Rikisha Men Are Facing Extinction

TOKYO, April 4.—The rikisha man, who for half a century has provided Japan with its principal means of passenger transportation, is fighting hard to keep out of the limbo of antiquity. In Yokohama 71 pullers of two-wheeled taxis who have been maintaining stations in the Yokohama Customs compound and on the waterfront, petitioned the city officials that some relief measure be taken which would make it possible for them to remain in business.

The men complained that they are unable to compete with the new city buses which recently were let loose upon Yokohama's streets.

Could Of Byrd Staff Elected To Arctic Club

(International News Service)
ANN ARBOR Mich., April 4.—Prof. Lawrence M. Gould, second in command of the Byrd Antarctic expedition and member of the University geology staff here has been elected to the Aero-Arctic club which is a radiogram received here by the Reserve Officers Training Corps.

The organization is composed of explorers and others who have distinguished themselves in the field.

Prof. William H. Hobbs, director of the University of Greenland expedition is the only other local member of the Aero-Arctic club.

Two Bottles Of Vodka Is Set As Fatal Dose

(International News Service)
MOSCOW, April 4.—The amount of vodka necessary to kill a man has at last been determined. It is two bottles, or about one and a half quarts.

The volunteer sacrifice to the experiment was swarthy peasant named Chetverikov in the village Belogor. He stepped into a saloon and bet all the barflies in the place that he could drink three bottles of the fiery liquid at one sitting. He said he'd pay for anything under three bottles, but if he drank three the gang would have to pay. He drank two bottles and fell over dead.

Piles Disappear

No Cutting or Salves Needed
External treatments seldom banish Piles.
Nor does cutting remove the cause. The cause is inside—bad circulation. The blood is stagnant, the veins flabby.

The bowel walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles you must first get the circulation—send a fresh current through stagnant parts. Internal treatment is the one safe method. Ointments and cutting won't do it.

J. S. Schenckhardt, M. D., a specialist, set at work some years ago to find a remedy for internal hemorrhoids. He succeeded. He named his prescription (HEM-GOIL) and tried it in 1000 cases before he was satisfied. Now HEM-GOIL is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be had at McKee's Knt. Knt. Some Eckerd's of New Castle, Inc., who will gladly refund the purchase price to any dissatisfied customer.

Phalanx Discusses Expense Budgeting

Elect Officers To Fill Unexpired Terms Of Those Who Have Left

"Expense Budgeting" was discussed to some extent by the members of the New Castle Phalanx fraternity when they met at the Y. M. C. A. Wednesday evening. There were 15 persons including several new members in attendance.

It is probable that a discussion of budgeting will arise at some future meeting, as the discussion was not completed last night.

Several representatives of the club will go to the neighborhood house on Saint street, next Friday night, to conduct the regular Americanization meetings for the boys of that community.

At last night's meeting the members elected an additional member to

Father And Daughter Celebrate Birthdays

Unique Observance In Ewing Park Home Of Anniversaries

ELLWOOD CITY, April 4.—It isn't every father who can celebrate his birthday the same day his daughter does.

This honor is claimed by Paul Powell and little Jane aged 3 of Ewing Park. In observance of the two birthdays Mrs. Powell entertained a number of little girls at her home during the afternoon to help Jane celebrate. Spring flowers formed pretty decorations and to the delight of the children a large birthday cake with three candles centered the dining room table. The honor guest received a number of pretty and useful gifts.

The afternoon hours were spent in playing games and concluded with a delicious lunch served by Mrs. Powell assisted by her sister Mrs. Charles Chilcote and Mrs. E. Herron. Each little guest was presented with a small basket of candy.

Those present were Jean Barclay, Betty Lee Crowthers, Florence Lant, Grace and Betty Wallace, Betty Wilson, Betty Wehman, Dorothy and Florence Bubb, Lancy and Shirley Wilson, Clara Herron and the honor guest.

At 6:30 Mrs. Powell entertained the members of the Beaver Falls Gun club and a few other guests at a dinner commemorating Mr. Powell's birthday. She was assisted in serving by her sister Mrs. Charles Chilcote. After dinner home card games and music were enjoyed.

Guests were R. B. Richardson, Charles Chilcote, Robert Maimes, Geo. B. Scott and Devere Daubenspeck of this city; H. J. Daubenspeck of Butler; H. L. Dunlap of New Castle; W. S. Deiter of Beaver Falls and L. S. Steele of New Brighton.

Regular Meeting Quota Held Wednesday Eve.

ELLWOOD CITY, April 4.—The regular bi-monthly meeting of the Quota club was held Wednesday evening in the First Methodist church. A delicious dinner was served at 6:15 by the Ladies Aid of the church.

After dinner the business session was held at which time plans were discussed for the concert the club expects to sponsor next Friday evening. The Geneva Glee club has been secured for the entertainment and it will be presented in the United Presbyterian church.

EARL CARROLL FACES \$50,000 SUIT, LOSES BACKER

Happiness of Earl Carroll, inset below, Broadway revue producer, over popularity and success of his latest hit, "Fiorella," has been darkened by troubles brought on by the show. A \$50,000 suit has been filed against Carroll by Mrs. Marie O'Connell, who alleges he owes her that amount for interesting Mrs. Anna Wightman Penfield, lower right, in his show. Mrs. Penfield is reported to have withdrawn her financial backing of the extravaganza because Carroll starred Dorothy Knapp, upper right, instead of Vivienne Segal, upper left. Mrs. Penfield, reputed to be worth \$65,000,000, is widow of the late Frederick Courtland Penfield, ambassador to Austria under President Wilson, and daughter of William Wightman, late quinine king.

SEVENTH WARD NEWS

Fine Evangelistic Service In Ward Wednesday Evening

Revivals Nearing Close; Other News Notes Of Seventh Ward

The revival service Wednesday evening in the Mahoning M. E. church was another fine service of the series of special revival services. Rev. David Dave Spealy preached an impressive sermon on the theme "What Will the End Be?" At the close of the service the invitation was again given the people to come forward.

"The Meanest Man in Mahoning-town" will be the subject of the sermon to be preached by Rev. Spealy at the service this evening at 7:45. Rev. Spealy knows who the meanest man is and will tell all about him this evening.

The services for the third week will end with the service Friday evening in the church, there being no service on Saturday evening.

PAPER CAMPAIGN.

The old paper campaign is now on at Mahoning school. Pupils of the school are busy gathering up old papers and magazines throughout the ward district.

This is another benefit for the Mahoning school library. All pupils are bringing in old paper. To the class bringing in the largest amount there will be some special award. The old paper will be sold and the proceeds used toward the school library fund. The campaign began the middle of this week and will continue for a week or so.

LYCEUM CLUB

The Junior members of the Lyceum club of St. Margaret's parish continue to hold rehearsals for the play and variety show they plan to give soon. The program will be presented in the Lyceum hall on Thursday and Friday evenings, April 18 and 19. "School Days" is the title of the play to be given.

TRIANGLE CLUB

The Triangle Missionary club of the Madison Avenue Christian church will have its monthly meeting Friday evening with Miss Mae Turk of Newell avenue. Miss Thelma Bumbaugh is leader.

CLASS MEETINGS.

The McCoy Bible class of the Mahoning M. E. church is meeting to-night following the revival services. The Loyal Women's class of the Christian church is meeting this evening with Mrs. Adda Robinson of Sunny Side.

OPPORTUNITY CIRCLE.

The monthly meeting of the Opportunity Circle of the Mahoning Presbyterian church will be held Friday afternoon at the home of Mrs. M. L. Wallace of Highland avenue. The meeting is at 2:30.

Program for the afternoon will be devotionals in charge of Mrs. J. J. Cunningham, subject "In the Garden." The missionary topic is "No-goes." Those in charge Mrs. G. H. Scheidemantle, Mrs. William Horchler, Mrs. W. C. Patterson, Mrs. David Mackey will be associate hostess with Mrs. Wallace.

Miss Evelyn Weaver of Ann Arbor Mich. is returning today after visiting with her parents Mr. and Mrs. C. A. Weaver of West Cherry street. Carl Weaver, student at the University of Michigan, Ann Arbor, Mich., has returned after spending his Easter vacation with his parents Mr. and Mrs. C. A. Weaver.

G. I. A. Ladies To Attend Union Lodge Meeting On Friday

Union Lodge Meeting Being Held On Friday In Pittsburgh

A number of members of the Grand International Auxiliary No. 453 to Brotherhood of Locomotive Engineers are planning to go to Pittsburgh on Friday. Recently the members of the local lodge received an invitation to attend the union lodge meeting of the Pittsburgh lodges. The local auxiliary members accepted the invitation and are planning to attend.

The union meeting of the Pittsburgh lodges will be held in the new temple building. The session begins at 1:30. Ladies from here are going in on the 10:35 train on the Pennsylvania railroad.

The Pittsburgh lodges have always been represented at the union lodge meetings conducted in previous years by the local lodges to Railroad Brotherhoods.

Reception Is Given For New Members

St. John's Lutheran Congregation Honors New Members Taken In On Easter

A reception in behalf of the 40 new members taken in by the St. John's Evangelical Lutheran church last Easter morning took place at the church last night. Rev. F. E. Stough, pastor of the congregation, presided as general chairman of the evening.

Following Rev. Stough's remarks of welcome, Mrs. S. J. Stahl, representing the Ladies Aid society of the church, was introduced. Mrs. Stahl's message was brief and to the point and extended the hand of welcome to those new members eligible for membership in the Ladies Aid.

In like manner, Mrs. C. W. Herman Hess of the Women's Missionary society, Paul Gilbert for the Luther League, C. W. Herman Hess in behalf of the Brotherhood, Fred Schmidt in behalf of the council and Earl Kiefer, speaking generally for the new members, made short speeches. Each one dwelt upon those new members who might be particularly interested in their organization of the church.

Following the program a lunch was served by the members of the Ladies Aid. The remainder of the evening was spent informally.

MORAVIA STOP

Mrs. Ernest Lock is confined to her home by an attack of grip.

Irene Syers who has been confined to her home by an attack of rheumatism is again able to be out.

Mrs. James Hogue who is suffering from an attack of appendicitis remains in about the same condition.

The residence of J. C. Houk is being put in readiness for Mr. and Mrs. Houk who expect to return to Moravia soon.

Mr. and Mrs. Harvey Moyer of Baldwin Stop have returned to their home at that place after spending some time at Mrs. Moyer's old home in Ellwood.

Clarence Free formerly a Moravia boy, who has been paralyzed since last August has been brought to his father's home in Ellwood City. Mr. Free has been a patient in the Presbyterian hospital at Pittsburgh for some time. His condition which is very serious is not improved.

The Girls Everready Club met at the home of Marie White on Tuesday evening and spent an enjoyable evening in playing games and sewing. A delicious lunch was served by Mrs. Harry White assisted by Miss Marie. The following members were present: Inez Houk, Mary Lou, Mary Seeged, Marie White, Alma Natcher, Ethel Yoho, Irene Syers, Marie Kennedy, Blanch Hogue, Raymond White, Marion White.

FAINT PRAISE

Maud—How are you getting on, Sarah? Like your new place? Sarah—(I think I'm going to like it very much. Yesterday I overheard the mistress say I performed my duties in a very perfunctory manner. That's the first praise I've had from her.

APPROVAL

"Do you think they approved of my sermon?" asked the newly appointed vicar, hopeful that he had made a good impression.

"Yes, I think so," replied his wife; "they were all nodding."

The Puritans had their little faults, but they ducked common scolds instead of calling them great critics.

George Washington Pupils Now Eat In Cafeteria To Strains Of Orchestra

A new radio amplification system that will, if tested, enable any student in the school to take his seat in his respective classroom and listen to the same program that is being heard by over other students in the building in their respective rooms and that is at the same time being amplified in the auditorium, gymnasium and cafeteria has just been installed at the George Washington Junior High School of New Castle.

The new set was purchased by the school with funds secured in the past money drives.

At the present time there are four loud speakers attached, through which the programs can be heard.

It was shortly after the opening of the new building last fall that the school felt a need for a radio and so determined to fulfill it. Numerous methods were mapped out through which the necessary money could be raised and effort concentrated on getting the radio. Now the radio has been purchased, installed and is operating as satisfactorily as any radio could.

The new hookup provides entertainment and will give satisfaction to the large number of students that attend there. The pupils will feel proud of it, not merely because it's in their own building but because they were instrumental in getting it. They participated and assisted in the campaigns to raise the fund.

A feature of the hookup is the fact that programs can be switched back and forth into the particular room

in which it is wanted with comparative ease.

Programs can be plugged in for the auditorium, for the gymnasium and for the cafeteria. During the lunch periods pupils listen to dinner concerts broadcasted over KDKA; mark time to march selections while in the gym and hear famous artists give their best in the auditorium.

George Washington authorities announce that beginning with next Friday morning the pupils will be taken into the auditorium for Damrosch's programs which continue for half an hour. The boys and girls will in this way be given an opportunity to hear concerts and other programs that might not have otherwise been given.

Ralph Lingerman, instructor in science is the operator of the system. Lingerman is highly pleased with the performance of the set and with the complete hookup in general. He states that for a very small cost additional speakers can be attached. The set is powerful enough to allow each room in the spacious building to hook its own separate loudspeaker onto the system and receive the same program being broadcasted throughout the building. A special radio room has been established and it is from this room the system is operated.

The set is so arranged that a phonograph can be hooked up with it and music supplied by the latter instead of the radio.

A radio committee comprised of members of the faculty purchased the set. That committee was composed of Ralph Lingerman, Miss Rose Callucci, Miss Rose Uhl, Miss Anne Aiken and Miss Dorothy Winter.

LADY SURPRISED WAY TEN HERBS BENEFITTED HER

New Medicine Entirely Relieved Stomach Trouble And Constipation.

A remarkable number of local men and women have declared that the celebrated new natural medicine, Ten Herbs, gave them relief from long suffering. Some say that the action of this compound on the whole inner system is really amazing. Every per-

MRS. MARY MULLANEY

son suffering from stomach, kidney or bowel trouble, rheumatism, neuralgia, nervousness, or a general weak, run-down condition, should learn more about Ten Herbs by calling on the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily demonstrating this successful preparation.

"I was greatly surprised at the way Ten Herbs helped me. It was just the medicine I needed," was the statement of Mrs. Mary Mullaney, 1200 Beaver Street, N. S. Pittsburgh, Pa.

"Before taking your medicine, I was troubled a great deal with indigestion after eating. I was sure to have heartburn, and my stomach would fill with gas, which would bloat me. Often the gas was so bad that it would press up against my heart so that I could hardly breathe. I had to keep taking some kind of laxative because of constipation."

"Having read in the papers about Ten Herbs and what it had done for some of my neighbors, I bought a bottle. It gave me great relief, and I continued taking your medicine until I am feeling fine. Indigestion and constipation have been entirely relieved. I have no more gas or heartburn. I gladly recommend Ten Herbs to anyone who is troubled like I was."

Ten Herbs is a splendid spring tonic for every member of the family. It is a scientific compound of ten wonderful herbal ingredients, each of which has a highly beneficial action on one or more organs of the body, and they thoroughly cleanse and tone up the whole human system.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine.

NEW CASTLE LOYALTY COSTS NOTHING

—and Yields Vast Returns

The world looks at New Castle thru the eyes of those who live here. If New Castle people knock their home town, then the rest of the world can not be blamed for joining the anvil chorus. If New Castle people know their town is right, have faith in it, believe in it and are willing to speak a good word for it, then the world is quick to respond and give to New Castle a place in the sun.

New Castle made goods, our city's stores, our professional men, our schools, in fact all of our varied institutions should receive our first consideration. We can do no less than push things that make our city what it is.

We live in a city of varied and prosperous industry, with a substantial agricultural territory adjacent to it. If the good old U. S. A. is right, then New Castle is right. Loose and irresponsible talk can tear down our city faster than it can be built. The loyalty of New Castle people can build a greater community. Our city rests upon its institutions; their strength is the city's strength. Boost them and you build our city.

We who live here have selected New Castle as our home—let's say our judgement is good and tell the world about it

THE CITIZEN'S OATH

"We will never bring disgrace to this, our city, by any act of dishonesty or cowardice.

We will fight for the ideals and the sacred things of the City, both alone and with many.

We will revere and obey the City's laws, and we will do our best to incite a like reverence in those above us who are prone to annul them or set them at naught. We will strive increasingly to quicken the public's sense of civic duty.

Thus in all these ways we will transmit this city, not only not less, but greater, better and more beautiful than it was transmitted to us."

PRACTICE THE SPIRIT OF THIS CITIZEN'S OATH, AND APPLY IT TO NEW CASTLE BY GIVING YOUR SUPPORT TO THOSE THINGS WHICH BENEFIT THIS COMMUNITY.

Less Of Any And All Crime Is What President Desires

By CHARLES P. STEWART
Washington Correspondent for Central Press
and The New Castle News
WASHINGTON, April 4.—Less
crime is what President Hoover wants
—not less of some one crime in par-
ticular—but less of any and all crime.

He has made this clear at every
audience he has granted to the press
since his inauguration.

His contemplated commission on
investigation of the crime situation is
to be charged with the task of deter-
mining how best to effect the desired
improvement.

This, too, is plain enough.
The question certain folk are still
waiting to hear answered is—

Which of these two problems is the
commission expected to solve for Mr.
Hoover?

1. What ails law enforcement?—
or—
2. What ails the law?

Senator David Ignatius Walsh of
Massachusetts is among those who
consider problem No. 1 quite the point
—or, rather, consider that No. 1 can
only be solved through the correct
solution of No. 2—the latter being the
vital problem, in Senator Walsh's
opinion.

"Lawbreaking on so extensive a
scale as at present," says the Massa-
chusetts senator, "can be interpreted in
only one way—as implying grave de-
fects in the law itself."

"If the purpose of President Hoover's
commission is to expose the de-
fects in our law, it may accomplish
a great deal of good."

"If its purpose is merely to devise
more effective means of enforcement,
it cannot make laws effective. They

can be made effective only through
general acceptance."

"Have you any special law in mind,
senator?" I asked.
"Oh, of course I have in mind the
prohibition law," rejoined the New
England legislator. The trouble be-
gan with that, but it has not ended
with it. Contempt for prohibition has
resulted in contempt for other laws.

Contempt for laws is contagious.
"Besides, much crime which does
not arise directly from prohibition
does arise indirectly from it. For ex-
ample, when two rival gangs of boot-
leggers 'shoot it out,' the 'gun play'
is not in violation of the prohibition
law, but it is incidental to prohibi-
tion. So is a vast amount of official
corruption."

"There is the rising generation also
to be reckoned with. The boy who
sees one of his elders boldly violating
the liquor law, though otherwise a
perfectly law-abiding citizen, is apt to
think that highway robbery is not as
black as it has been painted."

"There is also widespread complaint
of a breakdown in the jury system."

"Naturally," said the senator. "A
juror, asked to concur in a verdict of
guilty against the violator of a law
which he, himself, habitually violates,
would hardly be human if he did not
hesitate to do it. Having freed a few
liquor law violators whom he knows to
be guilty, the same juror is likely to
free the violators of various other
laws, whom he likewise knows to be
guilty—from force of habit."

"Yes, surely the jury system has
suffered seriously."

"Ought a juror to vote for convic-

tion, in the case of a law violation
which he deems no real sin on the
violate's part?"

"Yes, he ought," replied Senator

SENATOR DAVID WALSH

Walsh. "He is sworn to, if he con-
siders the evidence sufficient. But he
frequently does not, and there is no

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says
"Constipation is responsible for more
misery than any other cause."

But immediate relief has been
found. A tablet called Rexall Order-
lies attracts water from the system
into the lazy, dry, evacuating bowel,
called the colon. The water loosens
the dry food waste and causes a gen-
tle, thorough movement without
forming a habit or ever increasing the
dose.

Stop suffering from constipation.
Chew a Rexall Orderlie at night. Next
day bright. Get 24 for 25c today. Go

remedy for it, with such a law in ex-

istence.

"Should the judge, then, be given

more power?"

"Absolutely not."

"Should the majority of a jury be

authorized to return a verdict?"

"Never."

"Either of those remedies would be

worse than the disease. It would

amount to an attack on the jury sys-

tem—one of our greatest Anglo-Sax-

on institutions."

"After all, it is the law that is a

fault, not the jury system."

"The report of President Hoover's

crime commission, on your assump-

tion, senator, must strike essentially

at that one law, to accomplish re-

sults?"

"Yes," answered the senator.

"Would such a report be heeded?"

"I think so—to a considerable ex-

tent—if the investigation is impar-

tial."

"Is an impartial investigation a

prohibition possible?"

"Well, a commission could be gath-

ered together of members who at least

never have been known either as

wet or dry agitators."

"And with adequate modification

of prohibition, the present crime

problem would solve itself automati-

cally—at any rate gradually?"

"I verily believe so," said the Mas-

sachusetts senator.

War Veteran Shoots Self Showing Off

(International News Service)
DENVER, April 4.—James W.
Amerman, 31, world war veteran who
saw 18 months of service in France in
such battles as St. Mihiel and in the
Argonne was in a serious condition in
Denver General hospital, all because
"I was showing off, twirling an old
pistol on my finger."

Amerman was never as much as
scratched on the battlefield.
It was at first reported that Amer-
man had attempted suicide, but the
victim denied that.

"And who wants to kill himself
when he's got a cute 6-week-old baby
boy cooing around the house?" asked
Amerman.

Cruelty To Mules Brings Year In Jail

(International News Service)
DENVER, April 4.—The heaviest
penalty ever inflicted in Colorado for
cruelty to animals was recently meted
out to Andrew Kiddie of Steamboat
Springs. Kiddie was fined \$250 and
was sentenced to serve one year in
county jail for cruelty to a team of
mules he was driving.

The mules, according to testimony
given in court, were driven beyond
their endurance all of one day by
Kiddie, until at evening they could
hardly stand on their feet. Later,
they collapsed under a load he placed
upon them, after which Kiddie beat
one of the mules to death and stuck
a pitchfork into the other.

Social Warfare Is
Raging In Capitol

(International News Service)
WASHINGTON, April 4.—The so-
cial warfare that has been waged in
Washington since March 4 over the
moot question of where Mrs. Edward

Everett Gann, sister of Vice President
Curtis is to be seated, at official
functions flared forth anew today.
At Athens, why not send out a few

vidence Journal.

Vice President Curtis issued a for-
mal statement taking exception to a
previous ruling that his sister who is
also his hostess, should be seated be-
low the wives of diplomats and cab-
inet officers, and requesting higher
ranking for Mrs. Gann.

Youngest Cabinet Lady Keeps Well Occupied With Five Youngsters

Mrs. James J. Davis, above; and below, Secretary of Labor and Mrs. Davis and their children.

By BONITA WITT
Staff Writer for Central Press and
New Castle News

WASHINGTON, D. C., April 4. — Five lively, healthy, rose-cheeked youngsters take up a great deal of the time of Washington's youngest and also oldest cabinet lady, Mrs. James J. Davis, wife of the secretary of labor. Although she is the youngest in point of age, Mrs. Davis has been a cabinet hostess for nine years. Andrew Mellon, who received a cabinet appointment at the same time as Secretary Davis, is a widower.

In spite of many demands on her time Mrs. Davis refuses to allow any of her social duties to conflict with the upbringing of her children. She passes most of the day with them. Youthful and curly-headed, she is adorned by the young Davis clan — Jane, nine; Jean, seven; Joan, five; and Jewel, three, who hold sway on the third floor of the attractive home on Massachusetts avenue, in a large nursery, filled with toys. Tiny Joan delights in showing visitors through the playroom and, in big sister isn't looking, she manages to start the motor of a weight reducing contrivance which interests her as much as her dollies, whose number is legion.

James, who is twelve, seldom visits the play spot now. Jean, whose hobby is dancing, proudly displays her costumes and confides that "mother makes them all." Dainty little baller dresses testify to the expertness of Mrs. Davis' needle which she often plies despite her many other activities.

Notwithstanding the press of maternal duties, Mrs. Davis takes care of her own correspondence and does considerable entertaining. Last year she received more than a thousand guests. Before her marriage, in 1914, Mrs. Davis was Miss Jean Rodenbaugh of Pittsburgh, Pa. Since then many of her summers have been passed at Mooseheart, Ill., where the Loyal Order of Moose maintains a home for widows and their children. Secretary Davis was one of the founders of the home. She is intensely proud of her husband, who rose from a Welsh immigrant iron puddler to a post in the president's cabinet. Until the appointment of Dr. Ray Lyman Wilbur as secretary of the interior, the Davis family was the largest of any cabinet member. The Wilburs also have five children, but the youngest is a boy of fifteen. The others are married.

Central Christian Choir To Present Easter Cantata

Chorus Of Fifty Voices To Sing
"Hosanna" Sunday Evening, April 7

The large chorus of 50 voices of the Central Christian church will sing the Easter cantata "Hosanna" by Roy E. Nolte next Sunday evening, April 7, beginning at 7:30. This choir has been presenting some very difficult music during the winter and has won the reputation of its splendid work during the last several months. David Lewis is the director and Roy Strobel accompanist. The program follows: "Blessed Is He"—Opening chorus. "And They Took Jesus," bass solo, quartet—Alfred Evans, assisted by Dorothy Price, Edna Strobel and Glenn Evans. "Alleluia Sing Ye," soprano solo and choir—Mrs. Alfred Evans. "Upon the First Day," trio for women. "The Lord Is Risen Indeed"—Choir. "The Dawn Divine," alto solo and choir—Mrs. Edna Wilcox. "Morning of Life," duet for bass and tenor—David Lewis and Alfred Evans. "A New Song"—Choir. "Spirit Divine," soprano solo—Frances Gibson. "We Hail a Risen Lord"—Women's voices. "Serve Him Forever," tenor solo and choir—Glenn Evans. "Oh, Send the Word"—Men's chorus. "Christ Arose"—Finale chorus.

DIDN'T DESERVE IT
He—Don't you ever feel sorry for the poor animal that had to give up that wonderful fur you are wearing?
She—No, I'm sure it didn't appreciate it anything like as much as I do.

HIGH LIGHTS OF HISTORY

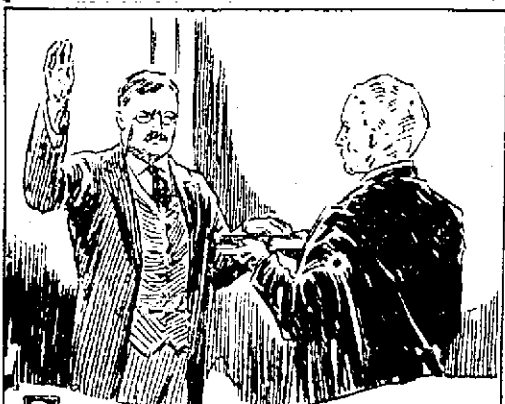

By J. Carroll Mansfield

America in The 20th Century
Theodore Roosevelt—Governor, Vice President, President

IN THE FALL OF 1896, SHORTLY AFTER THE "ROUGH RIDERS" WERE MUSTERED OUT OF THE SERVICE, COLONEL THEODORE ROOSEVELT WAS NOMINATED FOR GOVERNOR OF NEW YORK. HIS TREMENDOUS POPULARITY CARRIED HIM TO VICTORY IN THE ELECTION.

ON BECOMING GOVERNOR, ROOSEVELT LAUNCHED AN ATTACK UPON THE "TRUSTS". LARGE CORPORATIONS THAT WOULD DRIVE THEIR WEAKER COMPETITORS OUT OF BUSINESS AND THEN CHARGE THE PUBLIC HIGHER PRICES FOR THE COMMODITIES THEY CONTROLLED. HE ALSO BEGAN A CRUSADE FOR CLEAN POLITICS.

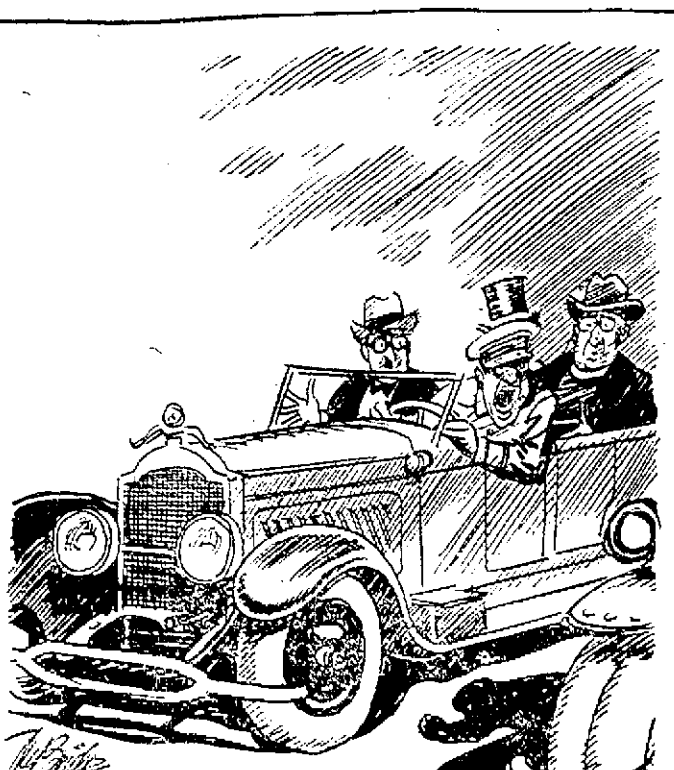

ROOSEVELT'S FEARLESS ASSAULTS ALARMED MANY POLITICIANS. HIS ENEMIES WERE GREATLY RELIEVED WHEN IN 1900 HE WAS ELECTED VICE PRESIDENT OF THE UNITED STATES, BELIEVING THAT IN THAT OFFICE HIS POWER WOULD BE LIMITED, THOUGH THE HONOR WAS GREAT. THEN PRESIDENT MCKINLEY WAS SHOT, AND ROOSEVELT WAS SWORN IN TO TAKE HIS PLACE IN THE WHITE HOUSE (SEPT. 14, 1901).

AS PRESIDENT, ROOSEVELT RENEWED HIS CAMPAIGN AGAINST THE "TRUSTS" AND "MACHINE POLITICS". HE URGED FEDERAL CONTROL OF BIG CORPORATIONS FOR THE PROTECTION OF THE PUBLIC. THE PEOPLE CAME TO REGARD HIM AS THEIR CHAMPION. CARTOONS OF THE DAY SHOWED HIM CHASING THE "TRUSTS" WITH A BIG STICK.

Illustrating The Crack That It's A Small World After All

NEW YORK, April 4.—There isn't as much romance playing Broadway as certain sticky-hearted columnists would have you believe, but there is still enough to go around.

For instance—
Not so long ago, a boy and a girl used to play together out in Los Angeles. They both had dreams and exchanged them.

Martha Vaughn wanted to sing like a bird, sing well enough to merit acclaim, to be a prima donna.

Roy Ingraham, the boy next door, also had the wants.

He wanted to be the leader of his own orchestra some day. To feel the pulse of rhythm, the throb of melody, the creative power of untiring efforts of a score or more of musicians into the beauty of harmony.

Passed the years, as they say in the vicinity of Los Angeles.

And now both Martha and Roy have realized their ambitions. Which isn't such diggity-dog news.

But the shoulder-jiggling Fate brought both of these two together in the Hotel Paramount grill in the heart of Make-Believe alley.

Martha is prima donna of the extravagant revue there while Roy makes his boys beat the drum and coo on the saxophone like nobody can.

And what is more, Martha may soon be the tiniest operatic prima donna. She is petite and charming, weigh-

ing only 128 pounds. An operatic impresario "discovered" her and she is soon to have an audition by the Metropolitan Opera company.

Is Martha in love with Roy? Is Roy in love with Martha? Are they both in love with each other? I told you this was no sticky romance.

These two are just old friends—that's all.

World's Greatest Detectives.
The finest detective force in the world is unsung, and its doings are scarcely ever recorded in print. I mean the postoffice inspectors bureau of the American Postoffice department.

"We do not want publicity," said one of its representatives, a keen detective. "We get better results working without attention."

Murders, burglaries and frauds include the workaday business of these 600 super-sleuths who are located in all sections of the country and abroad. Fifty inspectors work out from the New York headquarters.

"They are ten per cent more efficient than the famous Northwest Mounted Police," said an expert criminologist. "And this is no reflection on the Royal Mounted."

The members of the force all love their work and there is a marked esprit de corps in the service. Many turn down yearly offers from industrial concerns to head investigating departments at increased salaries over

what they earn under the government. When the P. O. inspectors take over a case it is never finished until solved. In one famous case in Utah, they worked six years to procure the evidence.

In international circles, the American postoffice inspectors service is recognized as the leading government detective agency, with that of Great Britain second and France third.

California Girls Find Mystery Mine

(International News Service)
OAKLAND, Cal., April 4.—Dark, foreboding mystery which for more than 20 years had hung like a spectral shroud about the famous Lost Robinson mine in Idaho may soon be cleared by a woman's hand.

Discovered a quarter of a century ago by a prospector, Robinson, who died of a fever without revealing its whereabouts, the mine has lured scores of fortune seekers to futile search.

Indians of the hill country have surrounded it with a halo of romance, superstition and death. Tales of a ghost guarding the secret shaft have traveled far and wide. Two men are known to have come to their death when almost on the point of finding the mine.

But two Oakland girls, Tillie and Hanna Kalke, beauty parlor operators, guided by a crude map delivered into their hands by a queer coincidence of fate, today claim to have discovered the hidden shaft of the supposed fabulously rich diggings.

Defying the spell of death which has relentlessly trailed those who sought to re-cover the mine, the two intrepid women last year packed into the fringe of the Idaho mountains. Five weeks later they came out with their secret—and tales of pure gold, of a lode of quartz bulging with nuggets.

The sisters are back at work in Oakland earning money to develop the mine.

It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon brings contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctor's word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

Physicians College To Meet In Boston

(International News Service)
BOSTON, April 4.—The American College of Physicians made up of more than 2,000 eminent physicians of the United States and Canada meet here from April 8 to 12 for a discussion of recent developments in international medicine, and to study the work of the Boston physicians and hospitals.

This College of Physicians, whose functions are similar to the Royal College of Physicians of Great Britain, is an organization of highly trained men devoting their lives to the practice of internal medicine and the advancement of medical science through research.

The opening session will be marked by addresses of eminent medical teachers of medical colleges. Among them will be Dr. David L. Edsall, dean of the Harvard University Medical School; Dr. Alexander S. Begg, dean of the Boston University Medical School; Dr. A. Warren Dean of the Tufts College Medical School; Dr. John M. Byrne, president of the Massachusetts Medical Society. Replies to the words of welcome will be made by Dr. Charles F. Martin, president of the American College of Physicians, and Dean of the Faculty of Medicine of McGill University, of Montreal.

Among the items of interest are a symposium of deficiencies, and a symposium on present status of vaccine and serum prophylaxis and therapy.

To Search River For Buried Booze

BLAIR, Neb., April 4.—Modern treasure hunters—made still more modern by prohibition—have "pre-war" whisky as the object of their search.

Old time citizens tell of the night of April 1, 1864, when the good ship "Bertrand" went to the bottom of the Missouri river a short distance from Blair.

Down with the "Bertrand" went a large cargo of whisky and mercury. Treasure hunters became active, however, when the prow of the "Bertrand" was found stuck in a mud bank, but that was all that could be found of the ship. However, a workman on a highway bridge construction gang declares he has the "low down" on where the whisky and mercury could be found.

Every Blair citizen immediately showed interest in the search, and when the spring thaw has emptied the river of its ice, a concerted effort to make the Missouri give up its whisky and mercury is expected to be under way.

What the law will do if the whisky is found—but the prospective searchers would rather not have that brought up now.

Soviet Art Leaders Lose Voting Rights

(International News Service)
MOSCOW, April 4.—The two famous directors of the Moscow Art theatre, Constantine S. Stanislavsky and Vladimir I. Nemirovich-Danchenko, have been deprived of the right to vote by a district election commission because they both come from "bourgeois families and many years ago were employers of labor."

Only four months ago on the thirtieth anniversary of the theatre they were feted by the Soviet government as distinguished citizens. Now technically they are listed as undesirable. It is presumed, however, that the many privileges which come from being on the voting lists will be restored to them after the coming municipal and federal elections.

Hundreds of old residents of Moscow are being stricken from the lists daily. One man was disfranchised because he was a Baptist. A sign on the door of the polling booth where suspected persons are examined states that they are given three minutes and no more for reasons why they should not be disfranchised.

Hog Digs Up Treasure; Court Is Perplexed

(International News Service)
BROWNSVILLE, Ind., April 4.—If a farm tenant's hog unearths a treasure chest, does the money belong to the tenant or the farm owner?

That was the perplexing question before the Jackson County Circuit Court here when James A. Hanner sued his tenant, Bruce Brown, to obtain \$500 contained in a pot which was uncovered by a hog in an old wood shed. Brown promptly rescued the 300 silver dollars from the hog and deposited it in the bank.

Hanner claims that he buried the money some time ago for safe keeping.

Dedicated to a chap we all know that red-blooded young American who owns a speedy wagon and wants a gas that will bring it out—and needs an oil that will back him up

THEY may not be going any place but they don't want to be all day getting there. When they step in the car to step out they want to be able to step on it. Why do they manufacture cars with eighty mile speedometers if the accelerator is not to be tramped heavily now and then? And when a couple of representatives of the younger generation combine a long, low roadster with a tank full of Sterling Gasoline—it's foolish to pass them on the open road and toss back a raspberry.

The Gas With Go

Sterling Gasoline is a regular, he-man's fast fuel. Super distilled to remove the kerosene heavy ends that slow down combustion, it snaps into action so quickly and uniformly that every bit of speed rating a motor has is brought out. Nothing in it to make it sluggish. Every point of its manufacture refined to rigid specifications. It is there when you step on it.

Oil That Makes It Safe

Speed demands that every metal surface be protected—and stay that way.

Go as fast as you like with Sterling Motor Oil. Get the engine as hot as she'll go. As long as there is Sterling going through, there is absolute safety. It is the highest grade lubrication known to motor-dom today—pure, filtered 100% Pennsylvania exclusively.

Over 100 Candidates Report For Football

Bridenbaugh Drills Big Squad, Material Is Very Promising

Coach Philip H. Bridenbaugh Drills 112 Candidates For High Grid Team

Only Few Veterans From Last Year Report; Almost Entire New Line Needed

Coach Philip H. Bridenbaugh is drilling the largest squad of football candidates in the history of New Castle High. The spring training season is under way at Franklin Field. On Wednesday afternoon there were 112 youngsters treading the greenward of the stadium.

If numbers mean anything then New Castle High should have a great football team next fall. The material for the most part is green. The majority of the veterans on the 1928 team are missing. There is a lot of work ahead of the coaches in the molding of a combination suitable to tackle the heavy schedule that Faculty Manager Gardner has lined up.

Lay Foundation

Spring practices will continue for the next several days. Only the fundamentals are being taught; the gridiron is being laid. The final week in August when the boys are taken to Muddy Creek Falls for the annual football camp.

The idea of spring training is to weed out the undesirables. The space at the football camp is limited, and unless the boys show a lot of promise in the early training period, they are left at home in the fall.

The Junior High schools of the city, Franklin, George Washington, and Mahoningtown have supplied the bulk of the candidates. There are several of the boys who look ripe for fast company. From present indications the team this fall is going to be light.

Following is a list of the griders who reported Wednesday: Harry Cohen, David Ramsey, William Murphy, Kenneth Hulton, Jack Holday, William Kazenski, William McKinley, Arnold Thomas, MacLeslie, Manuel Ouhles.

Charles Shepp, David Nesbit, Joseph Casey, David Johnson, William James Cooper, Russell Hannon, Henry Paella, Joe Mike, Clarence Cunningham, Walter Hempel, Robert Hodge, William Hartman, Phil Chambers, William Melver, Dick Thomas, Hugh Tucker, Francis Thinsly, Iowa Ruhl, George Zidow.

Erva Farrow, Andy Maki, Jack Jones, Truman Canon, Tony Mike, McKissick, Arthur Alexander, Merie McIntosh, Charles Myler, George Bender, Joseph Waggoner, Ben D. Thomas, Harland Mooney, Robert Hoese, George Deep.

THE ROOKIE CRASHES THRU

"Strike" Thrown From Deep Left Turns Promising Dental Student Into Major League Rookie

By NORMAN E. BROWN Sports Writer for Central Press and New Castle News

WINTER HAVEN, Fla., April 4.—A "strike" thrown from deep left field by Fred Leach, veteran outfielder, then with the Philadelphia National League club, one day last fall turned a promising young dental student into a major league rookie. Just like that.

The former dental student was George Susce (pronounced Suse), now destined eventually to become a member of the Phils catching staff—if he doesn't remain with the club this year.

Susce, a big strapping chap, is just 20 years old.

Three years ago, while he played in the Allegheny league around Pittsburgh, minor and major league teams looked him over and offered him contracts. Susce, however, didn't know his mind. He wanted to go to college, for one thing. He had played baseball at Schenley high, in Pittsburgh, later at Glenville State Normal, in West Virginia, and then in Bellefonte academy, in Pennsylvania. When he left the academy he entered the University of Pittsburgh to study dentistry. Baseball lured him, however, and he spent his summers in the Allegheny circuit as a member of the Beltzhoover club.

Offers came from the Fairmount and Clarksburg clubs of the Mid-Atlantic league, from Springfield in the Eastern league and later from the Philadelphia club. He liked the game but there seemed ahead of him a longer future in dentistry than in the diamond sport.

Then, last fall, the Pirates asked him to consider the matter again. He joined the team and went with it to Fort Wayne, Ind., to play an exhibition game. Perhaps the Phils' regulars didn't take the game seriously, but George did.

Late in the contest, with a Fort Wayne runner on third, one of the minor league club's heavy hitters drove a line drive toward the veteran

Leach. The Phils were well in the lead. The run meant little. It may have been that the wise old Leach decided to try out the rookie backstop. Whatever his motive he pegged the ball toward home.

Susce saw the runner leave third with the catch and dash toward him. The youngster saw, too, the ball coming in on a dead line for the plate. He sensed it would be a bit late. Gaily he dropped to his knees just before the plate and ignoring the oncoming figure and flashing spikes of the base runner, waited for the ball. The runner hit him. Jarred but not displaced, Susce kept his eye on the ball—and held his big mitt for it. The horsehide dropped into his waiting glove. The runner had not yet scrambled around to the plate.

"The umpire called the runner safe, despite that fact. But the decision mattered not to Susce. He had made his own decision—that he would play baseball—and let the forces wait.

Zurt Shotton, Phils' manager, backs up the statement of Susce and other members of the team that the youngster had blocked the runner off the base and that the umpire called the Phil Wayne man safe apparently because he had crashed into the base stop before the ball reached the waiting, rookie.

Susce himself realizes that he may have to spend a year or maybe two in the minors, learning the fine points of the game. He doesn't worry about that.

"I'd rather play, for the next year or two, where I get into the game every day, than sit on the bench," he says.

But Shotton expects the lad to come through. The boy already shows the natural ability and seems to have acquired many of the fine points of his job despite his lack of experience in even fast minor league company.

Hard Luck Follows Philly Nationals

Injury To Tommy Thevenow Is Serious Blow To Already Crippled Phils Team

Ulrich's Death Removes Fine Pitcher; Shotton Depending On Youngsters

By DAVIS J. WALSH Sports Editor International News Service

NEW YORK, April 4.—Pale, the badly old kiltz who uses your money with boisterous generosity in betting against the cards you draw, seems to have draped himself over Bart Shotton's shoulder as he attempts to run a shattering into a rope ladder with his Philadelphia ball club. Today Tommy Thevenow, key-man of Shotton's new infield, lies painfully injured in a Florida hospital as a result of an automobile accident and they say he will be out at least a month and perhaps for the entire season. "If he is out a minute, it will be much too long, as far as the 1929 Phils are concerned."

Apparently destined to make some kind of a play for sixth place this year, Thevenow's injuries mean that the Phils virtually are committed to another season in the cellar. As it is, they didn't have too much. As it is, they probably have what they had before Shotton took the club over. "I don't know," he says, "but I think an option on 'Chuck' Klein, the Port Wayne outfielder, went with this trade, too, in which case it would have to be conceded that Shotton had done himself proud, indeed. For all Klein did was to hit .360 for 64 games last year."

Thompson, however, is Shotton's gold medal exhibit. The Pittsburgh club had this young man for a year and couldn't use him. McGraw had him overnight and didn't want him. So Shotton gladly traded a couple of passe veterans for the lad who was to become the linking second baseman of the league.

Yes, he's no man's chum, this fellow Shotton, and little by little he is building his structure on a permanent, stable foundation. However, fate certainly is a swell demolisher.

And now Mr. Hoover takes steps to conserve the oil in public lands. That man may be a Democrat, after all.

Midget Wolgast Renews Training

Will Be In Good Shape For Willie Davies His Manager Says

MILLER KAYOES ROMEO PACELLI

Midget Wolgast, flashy flyweight champion of Pennsylvania, has hied into training and will be in good condition when he goes against Willie Davies of Charlevoix at Jolly bowl April 15. The Midget had a touch of flu, according to Kayoes, which has passed off and he expects to stage a spectacular performance a week from Monday.

The Midget is training with Louz Sing Que, New York Chinaman, who is scheduled to box Roy Minter in one of the preliminaries.

Davies will hie back into training within a day or so as he wished to break the monotony of the long grind. Interest in the battle has increased and it is practically assured that a capacity house will see the battle.

Romeo Knocked Out.

Romeo Pacelli, clever 128-pounder from New Castle, was stopped in the fourth round at Youngstown last night. Alvie Miller turned the trick. Up to the time that Miller put over the finisher the New Castle boxer had the best of the bout, but Alvie's glove and Romeo's chin met and Romeo went down and out.

In the main bout Johnny Farr outpointed Harry Blittman of Philadelphia in 10 rounds. According to fans who seen Blittman, he did not look as good as when he stopped Johnny Davito at Youngstown.

Nine Teams Enter Church League At Meeting Wednesday

Three Teams Yet To Be Heard From; President MacNichols Presides At Meeting

With Henry MacNichols president of the New Castle Church League, presiding, the league held a meeting at the Y. M. C. A. on Wednesday night. Nine teams had representatives at the meeting.

The following teams were represented: Congregational, Croton, First Christian, Mahoning M. E., Central Presbyterians, Hakoons, Wesley M. E., First M. E., and Central Christians.

Three teams are yet to be heard from. Third U. P., First Baptist and Epworth. The three absent teams are requested to get in touch with President MacNichols at once.

A committee was selected to name three commissioners for the league. A committee was also appointed to select grounds for the games this year in different parts of the city. A few changes in the constitution were made. The league will have another meeting next Wednesday night at the Y. M. C. A. and it is hoped that the three teams now outside the fence will get in.

Expect Swimming Marks To Fall

(International News Service)

NEW YORK, April 4.—America's best swimmers, who have been breaking world's records in the aquatic carnival here, are expected to shatter additional marks tonight when the National A. A. U. indoor championships are resumed in Brooklyn. Twenty-one Olympians will compete and national titles will be decided in the 220-yard free style classic and the 300-yard medley relay.

George Kojac, Olympic backstroke champion, is out to obtain revenge from Walter Lauffer by beating the Chicago all-around star in the 220. Lauffer conquered the Easterner in a sprint earlier in the week.

The Chicago A. A.; the Lake Shore Athletic club of Chicago, the New York A. C. and the Brooklyn Central Y. M. C. A. are competing for the medley relay championship.

Walter Spence of Philadelphia, now leads Lauffer by 11 points to 8 in the race for the individual all-around title. Spence broke his own world's record of 2:48 1-5 for the 220 yard breast stroke by winning the event in 2:47 3-5 last night. His younger brother, Wallace, was second.

Glenna Collett To Meet Opposition In Golf Match Today

(International News Service)

PINEHURST, N. C., April 4.—Miss Glenna Collett, who has been enjoying a walkway in the women's north and south golf championship here, meets sterner opposition today. Her opponent will be Miss Marion Turpie, the long-driving southern star who holds five titles.

In the other semi-final match Miss Virginia Van Wic of Chicago clashes with Miss Edith Quier, of Reading, Pa.

Yesterday Miss Collett eliminated Maureen Orcutt, 3 and 2, and Miss Turpie defeated Helen (Billie) Hicks, 18-year-old Long Island prodigy, by a similar margin. Miss Van Wic won from Virginia Wilson, a fellow townsman, on the nineteenth green, and Miss Quier easily defeated Miss Louise Fordyce, of Youngstown, Ohio, by a score of 5 and 4.

New Castle Bowling Champs Are Banquet Guests This Evening

One hundred bowlers of the Penn-Ohio system and invited guests will be present tonight at the second annual banquet of the Penn-Ohio Bowling league. This annual celebration of the wind-up of the bowling season will be held at the Poland Country club with dinner at 8 o'clock and a program of entertainment to follow. All numbers being selected from P-O talent.

Dinner will be furnished by the Penn-Ohio orchestra under the direction of Frank Woods. Roy Whittenberger and F. E. Thomas of the Youngstown municipal lines, widely known for their act, will present a rural comedy and musical sketch and harmonica solos will be presented by

Ernie Black of the Lowellville power generating station.

The bowling season for the Penn-Ohio employes was highly successful. Seventy-five men participated actively in the games among the 12 teams which represented all parts of the territory served by the P-O power and light and transportation lines. The 12 teams were those representing the Youngstown Municipal Railway, New Castle district, Youngstown main office, Lowellville generating station, Mahoning avenue garage, P-O coach lines, Trumbull district, Youngstown annex office building, Youngstown line department, sub-station division, Guard district and Sharon district.

New Castle and Youngstown Municipal.

"Hey, Bill!"

I don't know which cigarette this is, but it sure wins my vote!"

W. H. (Bill) McCord, of Post & McCord, steel contractors for New York's tallest skyscrapers, holds cigarette test with 94 workers.

Friend, you're smoking a certain cigarette today because you feel it's the best brand for you. And maybe you're right. But have you ever really checked up? Ever said to Old Man Habit, "Now you step out of the room. I'm going to smoke the four leading brands with brand names forgotten and just let my taste say which one is best."

The other day one of these tests was made among the huskiest fellows in New York... those two-fisted chaps who work with steel girders, sky-high above the city streets.

Their own boss, Mr. W. H. McCord, was referee and score keeper. Each cigarette was "masked" and numbered. All Mr. McCord said was, "Tell me which one you like the best."

The result speaks for itself! 69 out of 94 men voted for OLD GOLD!

OLD GOLD'S win time after time in these public tests, because smokers find them smoother and better... with not a cough in a carload.

The four leading brands of cigarettes... "masked" with numbered paper sleeves to conceal their brand names.
